The record date to determine which shareholders are entitled to receive notice of and vote at the meeting is August 20, 2024.

Your proxy instructions must be received in each case no later than 10:00 a.m. (PDT) on September 24, 2023.

Please read the following for commonly asked questions and answers regarding voting and proxies.

Q. Am I entitled to vote?

A. You are entitled to vote if you were a holder of Common Shares of Goldgroup as of the close of business on August 20, 2024, the record date for the Meeting. Each common share is entitled to one vote. A simple majority of votes cast at the Meeting is required to approve all matters proposed to be approved at the Meeting and the Company will be seeking disinterested shareholder approval of its Stock Option Plan (as amended) as well.

Q. What am I voting on?

A. You will be voting to:

1. elect directors of the Company for the ensuing year;
2. appoint Davidson & Company LLP as the auditors of the Company and to authorize the directors to fix the auditors’ remuneration; and
3. approve the Company’s Stock Option Plan, as amended to comply with TSXV policies.

Q. What if amendments are made to these matters or if other matters are brought before the meeting?

A. If you attend the meeting in person and are eligible to vote, you may vote on such matters as you choose. If you have completed and returned a proxy, the securities represented by proxy will be voted or withheld from voting in accordance with your instructions on any ballot that may be called for and, if you specify a choice with respect to any matter to be acted upon, the securities will be voted accordingly. The persons named in the proxy form will have discretionary authority with respect to amendments or variations to matters identified in the Notice of Meeting and to other matters that may properly come before the Meeting. As of the date of this management information circular, our management knows of no such amendments, variations or other matters expected to come before the Meeting. If any other matters properly come before the Meeting, the persons named in the proxy form will vote on them in accordance with their best judgment.

Q. How can I vote?

A. If you are eligible to vote and your shares are registered in your name, you can vote your shares in person at the meeting or by completing your proxy form through any of the methods described above. If your shares are not registered in your name but are held by a nominee, please see below.

Q. How can a non-registered shareholder vote?

A. If your shares are not registered in your name but are held in the name of a nominee (usually a bank, trust company, securities broker or other financial institution), your nominee is required to seek your instructions as to how to vote your shares. Your nominee will have provided you with a package of information, including a proxy or a voting form. Carefully follow the instructions accompanying the proxy or voting form to vote your shares.

Q. How can a non-registered shareholder vote in person at the meeting?

A. Goldgroup does not have access to all the names of its non-registered shareholders. Therefore, if you are a non-registered shareholder and attend the Meeting in person, we will have no record of your shareholdings or of your entitlement to vote unless your nominee has appointed you as a proxyholder. If you wish to vote in person at the Meeting, insert your name in the space provided on the proxy form or voting form sent to you by your nominee. In doing so, you are effectively instructing your nominee to appoint you as a proxyholder. Complete the form by following the return instructions provided by your nominee. You should report to a representative of Computershare upon arrival at the Meeting.

Q. Who votes my shares and how will they be voted if I return a proxy?

A. By properly completing and returning a proxy, you are authorizing the person named in the proxy to attend the Meeting and vote your shares. You can use the enclosed proxy form, or any other proper form of proxy, to appoint your proxyholder. The shares represented by your proxy must be voted according to your instructions in the proxy form. If you properly complete and return your proxy but do not specify how you wish the votes cast, your shares will be voted as your proxyholder sees fit. Unless contrary instructions are provided, shares represented by proxies received by management will be voted:

1. FOR the election of directors set out in the accompanying management information circular;
2. FOR the appointment of Davidson & Company LLP as auditors and the authorization of the directors to fix the auditors' remuneration; and
3. FOR the approval of the Company's Stock Option Plan, as amended to comply with TSXV policies.

Q. Can I appoint someone other than the individuals named in the enclosed proxy form to vote my shares?

A. **Yes, you have the right to appoint the person of your choice, who does not need to be a shareholder, to attend and act on your behalf at the Meeting.** If you wish to appoint a person other than the persons named in the proxy form, then strike out those names appearing on the proxy form and insert the name of your chosen proxyholder in the space provided.

NOTE: It is important to ensure that the person you appoint is aware of the appointment and will attend the Meeting to vote your shares. Proxyholders should, upon arrival at the Meeting, present themselves to a representative of Computershare.

Q. What if my shares are registered in more than one name or in the name of my company?

A. If the shares are registered in more than one name, all those persons named must sign the form of proxy. If the shares are registered in the name of your company or a name other than yours, you should submit documentation that proves they are authorized to sign the proxy form, concurrently with the filing of your proxy.

Q. Can I revoke a proxy or voting instruction?

A. If you are a registered shareholder and have returned a proxy, you may revoke it by:

- a) completing and signing a proxy bearing a later date, and delivering it to Computershare as instructed in the proxy form; or
- b) delivering a written statement revoking your proxy, signed by you or your authorized attorney to:

- (i) the Corporate Secretary of Goldgroup Mining Inc. at Suite #1201 – 1166 Alberni Street, Vancouver, B.C., V6E 3Z3, Canada at any time up to and including the last business day prior to the Meeting, or the business day preceding the day to which the Meeting is adjourned; or
- (ii) to the Chair of the Meeting prior to the start of the Meeting.

If you are a non-registered shareholder, please contact your nominee.

Q. Is my vote confidential?

A. Your proxy vote is confidential. Proxies are received, counted and tabulated by our transfer agent, Computershare. Computershare does not disclose the results of individual shareholder votes unless: they contain a written comment clearly intended for management; in the event of a proxy contest or proxy validation issue; or if necessary to meet legal requirements. Proxy voting records are routinely shared with management and counsel in the days prior to the Meeting.

Q. How many Common Shares are outstanding?

A. As of August 22, 2023, there were 82,743,156 Common Shares outstanding. We have no other class or series of voting shares outstanding.

Q. What if I have other questions?

A. If you have a question regarding the meeting, please contact Computershare at 1-800-564-6253 or visit www.computershare.com.

(the “**Company**” or “**Goldgroup**”) for use at the Annual General Meeting (the “**Meeting**”) of shareholders of the Company (the “**Shareholders**”) to be held on Thursday, September 26, 2024, at 10:00 a.m. (PDT), or any adjournment thereof, at Suite 700, 595 Burrard Street, Vancouver, British Columbia, V7X 1S8, Canada for the purposes set out in the accompanying notice of meeting (the “**Notice of Meeting**”).

The information contained in this Information Circular is given as of August 20, 2024. This Information Circular, the Notice of Meeting and accompanying form of proxy (“**Proxy**”) are being mailed to shareholders on or about August 26, 2024. In this Information Circular, in addition to the other definitions contained herein, references to (i) “**Common Shares**” means the common shares without par value in the capital of the Company; (ii) “**Registered Shareholders**” means shareholders who hold Common Shares in their own name; (iii) “**Beneficial Shareholders**” means shareholders who do not hold Common Shares in their own name; and (iv) “**Intermediaries**” refers to brokers, investment firms, clearing houses and similar entities that own securities on behalf of Beneficial Shareholders. Unless otherwise indicated, all references to “\$” or “dollars” in this Information Circular mean United States dollars.

REVOCABILITY OF PROXIES

The persons named in the accompanying form of proxy are directors and officers of the Company. You have the right to appoint a nominee of your choice, who need not be a Shareholder, to attend and act on your behalf at the Meeting.

A Shareholder desiring to appoint a nominee to represent him or her at the Meeting may do so either by inserting the name of such person or company in the blank space provided in the accompanying form of proxy and striking out the names of the management nominees or by duly completing another proper form of proxy and, in either case, depositing the completed proxy before the specified time as provided below.

In addition to revocation in any other manner permitted by law, a Registered Shareholder who has given a Proxy may revoke it: (a) by attending the Meeting and voting the Registered Shareholder’s Common Shares, (b) by fully executing another Proxy bearing a later date and duly depositing the same before the specified time, or (c) by executing a valid notice of revocation (where a new proxy is not also filed).

A later dated Proxy or notice of revocation must be executed by the Registered Shareholder or the Registered Shareholder’s authorized attorney in writing, or, if the Registered Shareholder is a corporation, under its corporate seal by an officer or attorney duly authorized, and delivered by fax at 1-866-249-7775 (toll free in Canada and the United States) or 416-263-9524 (outside of Canada and the United States), or by mail (via postage paid return envelope) at Computershare Investor Services Inc., attention: Proxy Department, 100 University Ave., 8th Floor, North Tower, Toronto, Ontario, Canada, M5J 2Y1 or to the head office of the Company located at Suite #1201 – 1166 Alberni Street, Vancouver, B.C., V6E 3Z3, Canada.

A later dated proxy must be received before 10:00 a.m. (PST) on September 24, 2024, or if the Meeting is adjourned, the day that is two business days before any reconvening thereof at which the Proxy is to be used, or to the Chair of the Meeting on the day of the Meeting or any reconvening thereof, or in any other manner provided by law. Only

Registered Shareholders have the right to revoke a proxy. Beneficial Shareholders who wish to change their vote must, in sufficient time in advance of the Meeting, arrange for their Intermediaries to change the vote and, if necessary, revoke their Proxy. A revocation of Proxy will not affect a matter on which a vote is taken before the revocation.

EXERCISE OF DISCRETION

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the Shareholders appointing them. **In the absence of such direction, such shares will be voted in the discretion of the person named in the Proxy. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.** At the time of printing of this Information Circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the Proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Persons Making the Solicitation

Goldgroup's management is using this Information Circular to solicit proxies from Shareholders for use at the Meeting. The solicitation of proxies will be primarily by mail, but Goldgroup's directors, officers and regular employees may also solicit proxies personally or by telephone. Goldgroup will bear all costs of the solicitation. Goldgroup has arranged for Intermediaries to forward the Meeting materials to beneficial owners of Common Shares held of record by those Intermediaries and Goldgroup may reimburse the Intermediaries for their reasonable fees and disbursements in that regard.

COMPLETION AND PROXY INSTRUCTIONS

Voting of Proxies

The Common Shares represented by the accompanying form of proxy (if the same is properly executed in favour of Ralph Shearing or Anthony Balic, the management nominees, and is received at the offices of Computershare Investor Services Inc., by fax at 1-866-249-7775 (toll free in Canada and the United States) or 416-263-9524 (outside of Canada and the United States), or by mail (via postage paid return envelope) at Computershare Investor Services Inc., attention: Proxy Department, 100 University Ave., 8th Floor, North Tower, Toronto, Ontario, Canada, M5J 2Y1, by no later than 10:00 a.m. (PDT) on September 24, 2024 or, if the Meeting is adjourned, then not less than 48 hours (excluding Saturdays, Sundays and holidays) before any such adjourned meeting), will be voted at the Meeting, and, where a choice is specified in respect of any matter to be acted upon, will be voted or withheld from voting in accordance with the specification made. **In the absence of such a specification, the person designated in the accompanying form of proxy will vote in favour of all matters to be acted on at the Meeting.**

The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to the matters set forth in the accompanying notice of Meeting, or all other business or matters that may properly come before the Meeting. At the date hereof, management of the Company knows of no such amendments, variations or other business or matters to come before the Meeting.

Registered Holders

Only Shareholders registered as shareholders in the Company's shareholder registry maintained by the Company's registrar and transfer agent or duly appointed Proxyholders (except as discussed below under "*Non-registered Shareholders*") will be recognized to make motions or vote at the Meeting.

Non-Registered Shareholders

Many Shareholders are "non-registered" shareholders because the shares of the Company they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company or other Intermediary through which they purchased the shares. More particularly, a person is not a Registered

Shareholder in respect of shares which are held on behalf of that person (the “**Non-Registered Holder**”) but which are registered either: (a) in the name of an Intermediary that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as CDS & Co., the registration name for CDS Clearing and Depository Services Inc., which acts as nominee for many Canadian brokerage firms) of which the Intermediary is a participant.

Pursuant to National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* (“**NI 54-101**”) of the Canadian Securities Administrators, the Company is distributing copies of proxy-related materials in connection with this Meeting (including this Information Circular) indirectly to Non-Registered Holders. The Company is not relying on the notice-and-access delivery procedures outlined in NI 54-101 to distribute copies of proxy-related materials in connection with the Meeting. Intermediaries that receive the proxy-related materials are required to forward the proxy-related materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Intermediaries often use service companies to forward the proxy-related materials to the Non-Registered Holders.

There are two kinds of Non-Registered Holders: (a) those who object to their name being made known to the issuers of securities which they own (called “**OBOs**”, for Objecting Beneficial Owners) and (b) those who do not object to the issuers of the securities they own knowing who they are (called “**NOBOs**”, for Non-Objecting Beneficial Owners).

The Company will not be paying for Intermediaries to deliver to OBOs (who have not otherwise waived their right to receive proxy-related materials) copies of the proxy-related materials and related documents. Accordingly, an OBO will not receive copies of the proxy-related materials and related documents unless the OBO’s Intermediary assumes the costs of delivery.

Generally, Non-Registered Holders who have not waived the right to receive proxy-related materials (including OBOs who have made the necessary arrangements with their Intermediary for the payment of delivery and receipt of such proxy-related materials) will be sent a voting instruction form which must be completed, signed and returned by the Non-Registered Holder in accordance with the Intermediary’s directions on the voting instruction form. In some cases, such Non-Registered Holders will instead be given a proxy which has already been signed by the Intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of Common Shares beneficially owned by the Non-Registered Holder but which is not otherwise completed. This form of proxy does not need to be signed by the Non-Registered Holder, but, to be used at the Meeting, needs to be properly completed and deposited with Computershare.

The purpose of these procedures is to permit Non-Registered Holders to direct the voting of the Common Shares that they beneficially own. Should a Non-Registered Holder wish to attend and vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Holder), the Non-Registered Holder should insert the Non-Registered Holder’s (or such other person’s) name in the blank space provided or, in the case of a voting instruction form, follow the corresponding instructions on the form. Non-Registered Holders should carefully follow the instructions of their Intermediaries and their service companies, including instructions regarding when and where the voting instruction form or Proxy form is to be delivered.

Shareholders with questions respecting the voting of shares held through a stockbroker or other financial intermediary should contact that stockbroker or other intermediary for assistance.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Except as disclosed in this Information Circular, management of the Company is not aware of any material interest of any person that has been a director or executive officer of the Company since the beginning of the last financial year of the Company, any proposed nominee for election as a director, or any associate or affiliate of any of the foregoing, in any matter to be acted on at the Meeting.

Record Date and Outstanding Shares

The Record Date for determining persons entitled to receive notice of and vote at the Meeting is August 20, 2024. Only persons who were Registered Shareholders as of the close of business on August 20, 2024 are entitled to vote at the Meeting, or any adjournment or postponement thereof, in the manner and subject to the procedures described in this Information Circular. A quorum for the Meeting shall be two persons who are, or who represent by proxy, shareholders who, in the aggregate, hold at least 5% of the issued shares entitled to be voted at the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

The Company's authorized capital consists of an unlimited number of Common Shares without par value. The Common Shares were listed for trading on the Toronto Stock Exchange ("**TSX**") until February 2024 when the listing was transitioned to the TSX Venture Exchange (the "**TSXV**") under the symbol "GGA".

As at the date hereof, the Company has issued and outstanding 82,743,156 fully paid and non-assessable Common Shares, each share carrying the right to one vote. The Company has no other classes of voting securities and does not have any classes of restricted securities.

To the knowledge of the directors and executive officers of the Company, as of the date of this Information Circular, the persons that beneficially own, directly or indirectly, voting securities carrying 10% or more of the voting rights attached to the Common Shares of the Company are as follows:

Name	Number of Shares Owned	Percentage of Outstanding Shares⁽¹⁾
Calu Opportunity Fund LP	55,297,000	66.83%

(1) Based on 82,743,156 Common Shares outstanding as of the date of this Information Circular.

ELECTION OF DIRECTORS

There are currently four directors on the board of directors of the Company (the "**Board of Directors**" or the "**Board**"), all of whom are standing for re-election as directors of the Company at the Meeting. Management does not contemplate that any of the nominees will be unable to serve as a director. However, if a nominee should be unable to so serve for any reason prior to the Meeting, the persons named in the enclosed form of proxy reserve the right to vote for another nominee in their discretion. Unless a director's office is earlier vacated in accordance with the *Business Corporations Act* (British Columbia) and the Articles of the Company, each director elected holds office until the next annual meeting or until his successor is appointed.

At the Meeting, the Company will ask Shareholders to vote for the election of the four nominees proposed by the Company as directors. Each holder of Common Shares will be entitled to cast their votes for, or withhold their votes from, the election of each director. The persons named in the accompanying form of proxy as proxyholders intend to vote for the election of all nominees whose names are set forth in this Information Circular, unless instructed otherwise.

Majority Voting for Directors

As part of its ongoing review of corporate governance practices, the Company requires, in an uncontested election of directors, any nominee for election as a director who receives a greater number of votes "withheld" than votes "for" to tender his or her resignation to the Chair of the Board of Directors promptly following the shareholder's meeting. The Corporate Governance and Nominating Committee will consider the offer of resignation and make a recommendation to the Board of Directors on whether to accept it. In considering whether to recommend acceptance of the resignation, the Corporate Governance and Nominating Committee will consider all factors deemed relevant by members of such Committee. The Corporate Governance and Nominating Committee will be expected to recommend acceptance of the resignation except in situations where the consideration would warrant the applicable director continuing to serve on the Board of Directors. The Board of Directors will make its final decision and announce it in

a news release within 90 days following the shareholders' meeting. A director who tenders his resignation pursuant to this policy will not participate in any meeting of the Board of Directors or the Corporate Governance and Nominating Committee at which the resignation is considered.

Advance Notice Article

The Board of Directors has adopted an advance notice article which has been ratified by Shareholders. The advance notice by-law sets forth procedures for any Shareholder who intends to nominate any person for election as a director of the Company other than pursuant to Shareholder rights instilled within the Company's governing statute or through a Shareholder proposal. The advance notice by-law stipulates a deadline by which a Shareholder must notify the Company of its intention to nominate directors and also sets out the information that a Shareholder must provide regarding each director nominee and the nominating Shareholder in order for the requirements of the advance notice by-law to be met. These requirements are intended to provide all Shareholders with the opportunity to evaluate and review the proposed candidates and vote in an informed and timely manner regarding such nominees. As of the date of this Information Circular, the Company has not received any director nominations in accordance with the requirements of the advance notice articles.

Nominees

The following table sets forth certain information relating to each of the persons nominated for election as directors of the Company at the Shareholders' Meeting. The three committees of the board are: (i) Audit Committee ("AC"), (ii) Compensation Committee ("CC"), and (iii) Governance & Nominating Committee ("GNC").

The table also sets forth each nominees' current equity ownership consisting of Common Shares beneficially owned, directly or indirectly, or controlled or directed, and options credited to, each nominee. For additional information regarding compensation, options, equity ownership, and current directorships, please refer to the *Statement of Executive Compensation*, *Statement of Director Compensation*, *Statement of Corporate Governance Practices* and *Other Directorships*.

that was in effect for more than 30 consecutive days.

1. is, as at the date of this Circular, or has been within the 10 years before the date of this Circular, a director or executive officer of any company (including the Company) that, while that person was acting in that capacity, or within a year of that person ceasing to act in that capacity, became bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency or was subject to or instituted any proceedings, arrangement or compromise with creditors or had a receiver, receiver manager or trustee appointed to hold its assets; has, within the 10 years before the date of this Circular, become bankrupt, made a proposal under any legislation relating to bankruptcy or insolvency, or become subject to or instituted any proceedings, arrangement or compromise with creditors, or had a receiver, receiver manager or trustee appointed to hold the assets of the director, executive officer or shareholder;

Mr. Blair Jordan was Interim CEO, CFO, and a director of Ascent Industries Corp. (“**Ascent**”) when, on Friday, March 1, 2019, the Supreme Court of British Columbia issued an order granting Ascent’s application for creditor protection under the *Companies’ Creditors Arrangement Act* (Canada). The order also extends protection to Agrima Botanicals Corp., Bloom Holdings Ltd., Bloom Meadows Corp., Pinecone Products Ltd., Agrima Scientific Corp. and West Fork Holdings NV Inc. These proceedings did not include or impact the operations and activities of Ascent’s other subsidiaries, including operations in Oregon, Nevada, and Denmark. The aforementioned companies sought creditor protection to address near term liquidity issues, which were in large part caused by the ongoing suspension of their licenses by Health Canada which were negatively impacting their ability to complete a strategic alternatives process in sufficient time to address its short term liquidity issues. In the circumstances, the board of directors of Ascent determined that a CCAA proceeding was the most prudent and effective way to carry on business and maximize value for Ascent’s stakeholders. While under CCAA protection, Ascent continued its day-to-day operations and, on April 5, 2019, completed the sale of its Canadian assets and certain related liabilities for approximately \$41.5m. On April 26, 2019, Mr. Jordan resigned as an officer and director of Ascent.

On April 30, 2021, the Ontario Securities Commission appointed PriceWaterhouseCoopers Inc. (“PwC”) as receiver over all the assets and undertaking of Bridging Finance Inc., to whom Mjardin Group Inc. (the “Company”) owed over \$160 million. As a result, on April 30, 2021, the Company announced a review of strategic alternatives available to the Company due to liquidity issues given the amount of debt on its balance sheet, including a sales and investment solicitation process (“SISP”) relating to its assets. On May 26, 2021, given his background in cannabis and capital markets, Mr. Jordan agreed to act as a director and member of the Special Committee of the directors of the Company in connection with a proposed restructuring of the Company’s balance sheet, and turnaround of operations. From the date of his appointment as a director, the Company worked vigorously towards a restructuring of its balance sheet, which included a wide ranging SISP of both its Canadian and US assets, and the development of two turnaround plans. However, notwithstanding the work undertaken towards the restructuring and turnaround, PwC, as receiver, determined to place the Company into receivership on March 23, 2022. Mr. Jordan resigned as a director and officer immediately prior to the Order of the Superior Court of Ontario in that regard.

On June 6, 2024, Minas Metals Corp., (CSE: MINA), a company where Mr. Jordan is a director, was subject to a cease trade order for failure to file as a result of MINA’s delay in the filing of its unaudited interim financial statements, management’s discussion and analysis and related CEO and CFO certifications. The cease trade order was lifted on June 25, 2024 when all the required filings were completed.

Audit Committee Oversight

At no time since the commencement of the Company’s most recently completed financial year was a recommendation of the Audit Committee to nominate or compensate an external auditor not adopted by the Board of Directors.

STATEMENT OF EXECUTIVE COMPENSATION

This section of the Information Circular explains how the Company’s executive compensation program is designed and operated with respect to the Company’s named executive officers (“NEOs”) defined as follows:

- the individual who acted as the Company’s Chief Executive Officer (“**CEO**”) or acted in a similar capacity for any part of the most recently completed financial year;
- the individual who acted as the Company’s Chief Financial Officer (“**CFO**”) or acted in a similar capacity for any part of the most recently completed financial year;
- each of the three most highly compensated executive officers of the Company, including any of its subsidiaries, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was, individually, more than \$150,000; and
- each individual who would be an NEO under paragraph (c) but for the fact that the individual was neither an executive officer of the Company or its subsidiaries, nor acting in a similar capacity, at the end of that financial year.

The Company’s NEOs currently are Ralph Shearing and Anthony Balic. Mr. Shearing was appointed the Company’s CEO on October 1, 2023.

Compensation Discussion and Analysis

The objectives of the Company’s executive compensation program are:

- to reward individual contributions in light of the Company’s performance;
- to be competitive with the companies with whom the Company competes for talent;
- to align the interests of the executives with the interests of the shareholders; and
- to attract and retain executives who could help the Company achieve its objectives.

The two basic components of executive compensation have been a fixed salary and performance-based variable incentive compensation which is comprised of stock option grants (the “**Total Direct Compensation**”). The allocation of Total Direct Compensation value to these different compensation elements is not based on a formula, but rather is intended to reflect market practices as well as the Compensation Committee’s discretionary assessment of an executive officer’s past contribution and ability to contribute to future short and long-term business results.

The Compensation Committee assists the Board of Directors in fulfilling its responsibility to shareholders, potential shareholders and the investment community by reviewing and providing recommendations to the Board of Directors regarding compensation of the Company’s executive officers, employees and directors, succession plans for executive officers, and the Company’s overall compensation and benefits policies, plans and programs.

The Compensation Committee is responsible for establishing, administering and evaluating the compensation philosophy based on criteria, including the Company’s performance for the accomplishment of long-term strategic objectives. The Compensation Committee oversees the Company plans, i.e. the Stock Option Plan. In the determination of compensation for the executive management and directors, the Compensation Committee will utilize any or all of the following: compensation surveys, peer comparison, analysis, compensation consultants and any other reference or means deemed appropriate. All of the members of the Compensation Committee have experience setting compensation for executives in companies of similar size to the Company.

In the course of its deliberations, the Compensation Committee considered the implications of the risks associated with adopting the compensation program currently in place. The Compensation Committee does not believe that the compensation program adopted by the Company creates a material risk that the NEOs or any employee would be encouraged to take inappropriate or excessive risks and no such risks have been detected to date. The Compensation Committee will continue to include this consideration in its deliberations and believes that it and the Board of Directors would detect actions of management or employees of the Company that constitute or would lead to inappropriate or excessive risks.

The Company does not have a policy that would prohibit the NEOs or directors from purchasing financial instruments that are designed or would have the effect of hedging the value of equity securities granted to or held by these individuals.

Executive Compensation-Related Fees

During the year ended December 31, 2023, there were no fees paid to consultants or advisors with respect to executive compensation.

Base Salary

Base salary is the fixed portion of Total Direct Compensation and was designed to provide income certainty and to attract and retain executives. Base salaries for NEOs are reviewed annually. During the 2023 fiscal year, there were no increases to executive compensation.

Long-term Incentives

Long-term incentive compensation is provided through the granting of stock options. This incentive arrangement is typically designed to motivate executives to achieve longer-term sustainable business results, align their interests with those of the shareholders and to attract and retain executives.

Participants benefit only if the market value of the Company's Common Shares at the time of stock option exercise is greater than the exercise price of the stock options at the time of grant. In most instances to date, the vesting period and term of the option has been established by the Board of Directors in relation to the circumstances surrounding each grant.

For the 2023 fiscal year, the Compensation Committee reviewed all compensation to be awarded to the NEOs.

The Compensation Committee believed it was important to follow appropriate governance practices in carrying out its responsibilities with respect to the development and administration of executive compensation and benefit programs. Governance practices followed by the Compensation Committee included holding in-camera sessions without management present and, when necessary, obtaining advice from external consultants.

The Role of Management

For the 2023 fiscal year, management had direct involvement in and knowledge of the business goals, strategies, experiences and performance of the Company. As a result, management played an important role in the compensation decision-making process. The CEO may also provide a self-assessment of his own individual performance objectives and/or results achieved, if requested by the Compensation Committee. No such requests were made by the Compensation Committee during 2023.

Performance Assessment

Rather than strictly applying formulas and weightings to forward-looking performance objectives, which may lead to unintended consequences for compensation purposes, the Compensation Committee exercises its discretion and uses sound judgment in making compensation determinations. For this reason, the Compensation Committee does not measure performance using any pre-set formulas in determining compensation awards for NEOs. The Compensation Committee's assessment of the overall business performance of the Company, including corporate performance against both quantitative and qualitative objectives and, where appropriate, relative performance against peers, provides the context for individual executive officer evaluations for all direct compensation awards.

Corporate Performance

In the future the Compensation Committee will review the results achieved by the Company and discuss them with management on an annual basis. For the purposes of Total Direct Compensation deliberations, the Compensation Committee will then consider the results achieved by the Company to provide general context for the Compensation

Committee’s review of individual performance by the NEOs. A summary of the 2023 corporate performance results is noted in the section “*Overall Corporate Performance*”, below.

Individual Performance

During the 2023 fiscal year, the compensation for the CEO and CFO was fixed. Compensation of the Company’s CEO and CFO is disclosed under the heading “*Summary Compensation Table*” below.

Internal Equity and Retention Value

Executive officers pay relative to other executives’ internal equity is generally considered in establishing compensation levels. The difference between one executive officer’s compensation and that of the other NEOs reflects, in part, the difference in their relative responsibilities. The CEO’s responsibility for the management and oversight of the enterprise is greater than each of the executive officers’ respective business areas. The Compensation Committee also considers the retentive potential of its compensation decisions. Retention of the NEOs is generally critical to business continuity and succession planning.

Previously Awarded Compensation

The Compensation Committee approved or recommended compensation awards which were not contingent on the number, term or current value of other outstanding compensation previously awarded to the individual. The Compensation Committee believed that reducing or limiting current stock option grants or other forms of compensation because of prior gains realized by an executive officer would unfairly penalize the officer and reduce the motivation for continued high achievement. Similarly, the Compensation Committee did not purposely increase long-term incentive award values in a given year to offset less-than-expected returns from previous grants. During the annual Total Direct Compensation deliberations, the Compensation Committee was provided with summaries of the history of each executive officer’s previously awarded Total Direct Compensation. These summaries help the Compensation Committee to track changes in an executive officer’s Total Direct Compensation from year to year and to remain aware of the historical compensation for each individual.

Performance Graph

The Board of Directors recognizes that the mining industry is volatile in relation to share price. Goldgroup's focus is on long-term shareholder value growth. Goldgroup's Common Shares were valued at \$0.03 on the TSX at December 31, 2023 compared to \$0.50 at December 31, 2018, a decrease of approximately 94%. The following chart compares the total cumulative shareholder return for \$100 invested in the Company's Common Shares since December 31, 2018, with the cumulative total return of the S&P/TSX Composite Index for the five most recently completed fiscal years of the Company.

Goldgroup has experienced significant changes with the acquisition and disposition of certain assets, and market fluctuations. Goldgroup's compensation to the NEOs has stayed relatively flat, with the exception of a slight increase in the CFO compensation in 2022 and the appointment of a new CEO in October 2023. Also, a significant portion of NEO compensation is based on long-term incentives with the ultimate value received tied directly to Goldgroup's share price performance. The trend in the performance graph does not directly correlate to the trend of the compensation paid to the NEOs.

Stock Options

Stock Option Granting Process

Grants of stock options are typically made annually, or for new employees, at the next quarterly meeting of the Board of Directors after the commencement of employment.

The CEO makes recommendations to the Compensation Committee regarding individual employee stock option awards for all recipients. In other circumstances, the Compensation Committee makes its own recommendations to the Board of Directors. The CEO does not engage in discussions with the Compensation Committee regarding his own stock option grants.

The Compensation Committee typically reviews the appropriateness of the stock option grant recommendations from the CEO for all eligible employees and accepts or adjusts these recommendations. The Compensation Committee is responsible for approving all individual stock option grants, including grants that are awarded outside the annual compensation deliberation process for such things as promotions or new hires.

The Compensation Committee is also responsible for recommending to the Board of Directors for its approval any stock option grants for executive officers. The Compensation Committee typically approves or recommends compensation awards, including stock option grants, which are not contingent on the number, term or current value of other outstanding compensation previously awarded to the individual.

Stock Option Plan

The Company adopted a stock option plan in August 2021 (the “**Stock Option Plan**”) with the approval of shareholders. Pursuant to the transition of the Company’s listing from the TSX to the TSXV in February 2024, the Stock Option Plan was amended to comply with applicable TSXV policies. At the Meeting, shareholders as well as disinterested shareholders of the Company will be asked to pass an ordinary resolution to ratify, confirm and approve the Stock Option Plan, as amended to comply with TSXV policies.

A summary of the material terms of the Stock Option Plan, as amended is set out below. The summary is qualified in its entirety by reference to the Stock Option Plan, a copy of which is attached as Schedule A hereto. All capitalized terms used in the summary but not defined shall have the meanings ascribed thereto in the Stock Option Plan.

The Stock Option Plan is a 10% rolling stock option plan under which the maximum issuance of stock options granted thereunder (“**Options**”) cannot exceed 10% of the issued and outstanding Common Shares of the Company from time to time. As a result, should the Company issue additional Common Shares in the future, the number of Common Shares issuable under the Stock Option Plan will increase accordingly. The Stock Option Plan is considered an “evergreen” plan, since the Common Shares covered by Options which have been exercised shall be available for subsequent grants under the Stock Option Plan and the number of Options available to grant increases as the number of issued and outstanding Common Shares of the Company increases.

As of the date hereof, the Company has 82,743,156 issued and outstanding Common Shares, meaning that, pursuant to the terms of the Stock Option Plan, 8,274,315 Common Shares may be reserved for issuance pursuant to the exercise of Options granted. To date, an aggregate of 7,990,00 Options have been granted under the Stock Option Plan, representing 9.66% of the current total number of issued and outstanding Common Shares. An aggregate of 284,315 Options remain available for grant under the Stock Option Plan, representing 0.34% of the current total number of issued and outstanding Common Shares (such Options are hereinafter referred to as the “unallocated” Options).

The Stock Option Plan does not include an automatic expiration date. Pursuant to TSXV policies and for so long as the Stock Option Plan stays active, all unallocated Options, rights or other entitlements available under the Stock Option Plan must be approved annually by the majority of disinterested Shareholders of the Company, which approval is being sought at the Meeting.

Employees, independent contractors, officers, directors (subject to limitations) and consultants of the Company or any of its subsidiaries (each, an “**Eligible Participant**”) are eligible to participate in the Stock Option Plan, which is intended to continue to achieve a number of objectives through the grant of Options including:

1. attracting, retaining and motivating qualified directors, employees and consultants; and
2. aligning the interests of directors, employees and consultants with those of the Shareholders.

The Stock Option Plan provides that:

1. *Plan Maximum* - The maximum number of Common Shares reserved for issuance by the Company pursuant to the Stock Option Plan, plus any other security-based compensation arrangements (involving an issuance of shares from treasury) shall not exceed 10% of the issued and outstanding Common Shares from time to time (on a non-diluted basis).
2. *Insider participation limit (aggregate)* - The number of securities issuable to insiders, at any time, under the Stock Option Plan, plus any other security-based compensation arrangements, cannot exceed 10% of issued and outstanding securities of the Company.
3. *Insider participation limit (one-year)* - The number of securities issued to insiders, within any one-year period, under the Stock Option Plan, plus any other security-based compensation arrangements, cannot exceed 10% of issued and outstanding securities of the Company.

4. *Maximum issuable to one person* - The number of Common Shares reserved for issuance pursuant to the Stock Option Plan (together with those Common Shares which may be issued pursuant to any other security-based compensation agreement of the Company or options for services granted by the Company) to any one person cannot exceed 5% of the Common Shares outstanding on a non-diluted basis on the date of grant.
5. *Exercise Price* - The Stock Option Plan provides that the exercise price is determined by the Compensation Committee when the Option is granted and, in any event, may not be less than the closing price of the Common Shares on the stock exchange on which such Common Shares are listed, on the last market trading day prior to the date of the grant of the Option.
6. *Vesting* - The Stock Option Plan provides that the Compensation Committee may, at its discretion, provide for Options to vest at one time (including, if they deem necessary, at the time of grant) or from time-to-time periodically or otherwise, in such number of Common Shares or percentage of Common Shares as the Compensation Committee determines.
7. *Term* - The maximum term for any Option issued pursuant to the Stock Option Plan will be ten years, provided that in the circumstance where the end of the term of an Option falls within, or within ten business days after the end of, a “black out” or similar period imposed under any insider trading policy or similar policy of the Company (but not, for greater certainty, a restrictive period resulting from the Company or its insiders being the subject of a cease trade order of a securities regulatory authority), the end of the term of such Option shall be the tenth business day after the earlier of the end of such black out period or, provided the blackout period has ended, the scheduled expiry date.
8. *Cessation* - The Stock Option Plan provides that, in the event a holder of Options (an “**Optionholder**”) is terminated for cause, all Options granted to such individual will expire immediately and be of no further force or effect. The treatment of Options upon other termination events is as follows:
 - if an Optionholder ceases to be a director, employee or consultant of Goldgroup (or one of Goldgroup’s subsidiaries) by reason of death, the Options then vested will be exercisable for a maximum period of twelve months; and
 - if an Optionholder ceases to be a director, employee or consultant of Goldgroup (or one of Goldgroup’s subsidiaries), other than because of termination for cause or termination by reason of death, only those Options vested at the date of such cessation will be exercisable for a maximum period of 60 days.
9. *Assignability* - The Stock Option Plan provides that the Options are non-transferable and non-assignable, unless by will or operation of law.
10. *Amendments (Board of Directors)* - The Stock Option Plan provides that, subject to the approval of the TSXV, the Board of Directors shall have the power to amend, suspend or terminate the Stock Option Plan or any Option granted thereunder, from time to time without shareholder approval, including changes of a clerical or grammatical nature, changes regarding the persons eligible to participate in the Plan and changes regarding the vesting of the Options provided that (i) such amendment, suspension or termination is in accordance with applicable laws and the rules of the TSXV; and (ii) no such amendment, suspension or termination shall be made that would materially adversely affect the existing rights of the Optionholder.
11. *Amendments (Shareholders)* - The Board of Directors shall obtain shareholder approval for amendments:
 - to the maximum number Common Shares that may be reserved for issuance upon exercise of Options granted pursuant to the Stock Option Plan;
 - that would reduce the exercise price of an outstanding Option held by an insider;
 - that would extend the term of any Option granted under the Stock Option Plan beyond the expiry date of the Option if such extension would benefit an insider of the Company;
 - that result in cancellation and re-issue of Options; and

- which would permit Options to be granted under the Plan to be transferable or assignable other than for normal estate settlement purposes.

12. *Financial Assistance* - The Stock Option Plan does not provide the option for any financial assistance being made available by the Company to the Optionholder in order to facilitate the exercise of any Options granted thereunder.
13. The Stock Option Plan includes a cashless exercise feature in the event of a Change of Control (as defined in the Stock Option Plan) which allows holders of Options to surrender vested Options that have not been exercised, to the Company, in consideration for a payment in Common Shares or cash (at the option of the holder and subject to the approval of the Board of Directors), equal to the difference between (i) the fair market value of the Common Shares underlying the surrendered Options and (ii) the aggregate exercise price for the Common Shares pursuant to the surrendered Options.
14. The Stock Option Plan also provides that the Company may withhold from any amount payable to an Optionholder, in such manner as in its discretion determines necessary, such amount as it reasonably believes is necessary to enable the Company to comply with the applicable legal requirements relating to the withholding of tax or any other required deductions with respect to Options.

Other Compensation

Executive officers may receive other benefits that the Company believes are reasonable and consistent with its overall executive compensation program. These benefits, which are based on competitive market practices, support the attraction and retention of executive officers. Benefits consist of extended medical and dental coverage, the level of which is consistent with industry practice and limited executive perquisites. Any non-policy perquisites are outlined in the discussion following the Summary Compensation Table.

Notes:

- 1) This figure includes the US dollar value of cash and non-cash base salary each NEO earned (accrued) during the financial year.
- 2) Share-based awards are awards under an equity incentive plan of equity-based instruments that do not have option-like features, including, for greater certainty, Common Shares, restricted shares, restricted share units, phantom shares, phantom share units, common share equivalent units and stock.
- 3) Option-based awards are awards under an equity incentive plan of options, including, for greater certainty, share options, share appreciation rights and similar instruments that have option-like features. This does not represent cash paid to the NEO. This figure is based on the grant date fair value of such options. The value of stock options was calculated using the Black-Scholes option pricing model using the assumption described in the table "*Share Option Values and Assumptions*" below.

- 4) Mr. Shearing was appointed the Company's CEO in October 2023 as which point Mr. Balic resigned from the position of Interim CEO.
- 5) Mr. McClintock was appointed the Company's CEO in November 2021 and resigned on November 14, 2022. Mr. Balic assumed the position of Interim CEO upon the resignation of Mr. McClintock. At the time of his resignation, the Company owed Mr. McClintock \$40,000 which the parties agreed would be paid in Common Shares the next time the Company undertakes a conversion of shares for debt transaction.
- 6) During the financial year ended December 31, 2021, Mr. Balic was awarded a one-time discretionary bonus of \$37,000.

Narrative Discussion

The Company has calculated the “grant date fair value” amounts in the ‘Option-based Awards’ column using the Black-Scholes model, a mathematical valuation model that ascribes a value to a stock option based on a number of factors in valuing the option-based awards, including the exercise price of the options, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of stock options using this methodology is very different from a simple “in-the-money” value calculation. Stock options that are well “out-of-the-money” can still have a significant “grant date fair value” based on a Black-Scholes valuation. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The assumptions used in this calculation are described in the table “*Share Option Values and Assumptions*” below.

Share Option Values and Assumptions

2023 Grant	
Number of options granted	6,450,000
Share Price at Grant Date	\$0.04

The Board of Directors has developed written position descriptions for the chair and the chair of each board committee. The role and responsibilities of each such position is delineated primarily by the operational requirements and function of the Board of Directors or of the particular committee. Each such position entails the fundamental requirement to chair meetings of the Board of Directors and/or committee, including the determination and control of the agenda for business considered, facilitation of discussion among members, consideration and voting on resolutions and similar matters. Additional matters related to the role and responsibilities of each such position are determined through internal discussions among the members of the Board of Directors and each such committee. Most major decisions taken by the Chief Executive Officer are discussed with the directors prior to their adoption or implementation. Accordingly, the Company has delineated the effective role and responsibilities for the Chief Executive Officer through ongoing communication and practice between the Chief Executive Officer and the directors.

- (a) the total number of Shares reserved and available for issuance pursuant to this Plan (together with those Shares which may be issued pursuant to any other security-based compensation agreement of the Company) shall not exceed 10% of the issued and outstanding Shares of the Company on a non-diluted basis from time to time.
- (b) the number of Shares reserved for issuance pursuant to this Plan (together with those Shares which may be issued pursuant to any other security-based compensation agreement of the Company or options for services granted by the Company) to any one person shall not exceed 5% of the Shares outstanding on a non-diluted basis on the date of grant;
- (c) the number of securities issuable to insiders, at any time, under all security-based compensation

- arrangements, cannot exceed 10% of issued and outstanding securities of the Company determined at the date of such grant or issuance;
- (d) the number of securities issued to insiders, within any one-year period, under all security-based compensation arrangements, cannot exceed 10% of issued and outstanding securities of the Company;
 - (e) the number of securities issuable to any one consultant in any one-year period under all security-based compensation arrangements cannot exceed 2% of the issued and outstanding securities of the Company determined at the date of such grant or issuance; and
 - (f) the aggregate number of options that may be granted to any one person conducting investor relations activities in any one-year period shall not exceed 2% of the issued and outstanding securities of the Company determined at the time of such grant or issuance. Options granted to any provider of investor relations services must vest in stages over a period of not less than one-year with no more than one-quarter (1/4) of the options vesting in any three month period.

Subject to section 2.2 and Article 6, any unissued Shares in respect of which Options are granted which cease to be issuable under such Option for any reason (other than exercise of such Option), including without limitation expiry of the Option or surrender of the Option pursuant to an option exchange program, will again be available for grant and issuance in connection with future Options granted under this Plan. At all times the Company will reserve and keep available a sufficient number of Shares as will be required to satisfy the requirements of all outstanding Options granted under this Plan.

2.2 Adjustment of Shares. In the event that the number of outstanding Shares is changed by a stock dividend, stock split, reverse stock split, subdivision, consolidation, combination, reclassification or similar change in the capital structure of the Company without consideration, then:

- (a) the number of Shares reserved for issuance under the Plan;
- (b) the number of Shares subject to outstanding Options; and
- (c) the Exercise Price of outstanding Options,

will be proportionately adjusted, subject to any required action by the Board or the shareholders of the Company and in compliance with applicable securities laws; provided, however, that fractions of a Share will not be issuable under any Options and any such fractions will be rounded down to the nearest Share. Notwithstanding the above, any adjustment, other than in connection with a stock split or reverse stock split, to Shares underlying Options granted or issued under this Plan is subject to the prior acceptance of the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.

2.3 Options. The Committee may grant Options to Eligible Persons and will determine the number of Shares subject to the Option, the Exercise Price, the Expiry Date and all other terms and conditions of the Option, subject to the following:

- (a) **Plan and Exercise of Options Subject to Shareholder Approval.** Until such time as this Plan has been approved by the shareholders of the Company in accordance with the requirements of the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, no Options granted under this Plan may be exercised;
- (b) **Form of Option Grant.** Each Option granted under this Plan will be evidenced by a stock option certificate in the form attached to this Plan as Exhibit A in the case of grants to Participants or Exhibit B in the case of grants to U.S. Participants, or in such other form as may be approved by the Committee, from time to time (called the “**Stock Option Certificate**”) which will contain such provisions (which need not be the same for each Participant) as the Committee may from time to time approve, and which will comply with and be subject to the terms and conditions of this Plan;
- (c) **Date of Grant.** The date of grant of an Option will be the date on which the Committee makes the determination to grant such Option, unless otherwise specified by the Committee. The Stock Option

Certificate and a copy of this Plan will be delivered to the Participant within a reasonable time after the granting of the Option;

- (d) **Vesting and Exercise of Options.** Provided the Participant has not been Terminated, Options may be exercisable until the Expiry Date determined by the Committee and specified in the Stock Option Certificate. The Committee also may provide for Options to vest (i.e. become exercisable) at one time or from time to time, periodically or otherwise, in such number of Shares or percentage of Shares as the Committee determines. If the application of vesting causes the Option to become exercisable with respect to a fractional Share, such Share shall be rounded down to the nearest whole Share;
- (e) **Expiry.** The Option shall expire on the Expiry Date set forth in the Stock Option Certificate and must be exercised, if at all, on or before the expiry date. In no event shall an Option be exercisable during a period extending more than ten years after the date of grant, provided that in the circumstance where the end of the term of an Option falls within a “black out” period imposed under any insider trading policy or similar policy of the Company (but not, for greater certainty, a restrictive period resulting from the Company or its insiders being the subject of a cease trade order of a securities regulatory authority), the end of the term of such Option shall be the tenth business day after the earlier of the end of such black out period or, provided the black out period has ended, the Expiry Date;
- (f) **Exercise Price.** The Exercise Price of an Option will be determined by the Committee when the Option is granted and shall not be less than the Market Price of the Shares on the date of grant;
- (g) **Method of Exercise.** Options may be exercised only by delivery to the Company of a written stock option exercise agreement (the “**Exercise Agreement**”) substantially in the form attached to this Plan as Exhibit C, or in such other form as may be approved by the Committee (which need not be the same for each Participant), stating the Participant’s election to exercise the Option, the number of Shares being purchased, the restrictions imposed on the Shares purchased under such Exercise Agreement, if any, and such representations and agreements regarding Participant’s investment intent, access to information and other matters, if any, as may be required or desirable by the Company to comply with applicable securities laws, together with payment in full of the Exercise Price (plus any applicable taxes including Withholding Obligations), for the number of Shares being purchased. If someone other than the Participant exercises the Option, then such person must submit documentation reasonably acceptable to the Company that such person has the right to exercise the Option. The Option may not be exercised unless such exercise is in compliance with all applicable securities laws and the rules and policies of the TSX or any other stock exchange or quotation system upon which the Shares are then listed or quoted, as they are then in effect on the date of exercise, and provided that no blackout period is then in effect under the Insider Trading Policy of the Company;
- (h) **Termination of Option.** Subject to earlier termination pursuant to Article IV hereof, any Option or part thereof not exercised within the Exercise Period shall terminate and become null, void and of no effect as of the Expiry Time on the Expiry Date. Notwithstanding any other provisions hereof but subject to any vesting requirements or termination provisions attached to specific Options granted under the Plan, upon the Termination of a Participant, the following provisions shall apply:
 - (i) in the case of dismissal without cause, each vested Option held by a Participant shall be exercisable until the date which is the earlier of:
 - (A) 60 days after the Termination Date; and
 - (B) the Expiry Date for such Options,

after which time all vested and unvested Options shall be void and of no further force or effect;

- (iii) in the case of Termination as a result of death, each vested Option held by the deceased Participant shall be exercisable until the date which is the earlier of:
 - twelve months after the Termination Date; and
 - the Expiry Date for such Options,
 after which time such Options shall be void and of no further force or effect;
- (iv) in the case of Termination for any reason other than as provided in paragraphs (i), (ii) and (iii) of this section, unless specifically determined otherwise by the Committee, each vested Option held by the Participant shall be exercisable until the date which is the earlier of:
 - (A) 60 days after the Termination Date; and
 - (B) the Expiry Date for such Options,
 after which time such Options shall be void and of no further force or effect;
- (i) **Termination following a Change of Control.** If a Participant is Terminated within 12 months of a Change of Control for any reason other than for cause, voluntary resignation, death or Disability, each Option held by that Participant that is not fully vested on the date on which the Participant is Terminated shall vest immediately and any and all Options held by that Participant shall be immediately exercisable up to, but not after, the date which is the earlier of the Expiry Date and 60 days after the date such person is Terminated;
- (j) **Limitations on Exercise.** The Committee may specify a reasonable minimum number of Shares that may be purchased on exercise of an Option, provided that such minimum number will not prevent the Participant from exercising the Option for the full number of Shares for which it is then exercisable;
- (k) **Modification, Extension or Renewal.** Subject to Article III hereof, any required approval from the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, any required shareholder approval and applicable laws, rules and regulations (including, without limitation, the rules of any applicable stock exchange or quotation system), the Committee may modify, extend or renew outstanding Options, may modify vesting periods so that any such stock options, whether vested or unvested, may have an amended vesting schedule or may immediately vest and become exercisable, and may authorize the grant of new Options in exchange therefor, provided that any such action may not, without the written consent of a Participant, impair any of such Participant's rights under any Option previously granted; and
- (l) **Exclusion from Severance Allowance, Retirement or Termination Settlement.** In the event of a Participant's Termination for any reason, the curtailment of such Participant's Options pursuant to the terms of the Plan, shall not give rise to any right to damages (including damages relating to any period of reasonable notice and regardless of whether reasonable or any notice was provided to the Participant) and shall not be included in the calculation of, nor form any part of, any severance allowance, retiring allowance or termination settlement of any kind whatever in respect of such Participant.

2.4 Issuance of Shares. Subject to applicable securities laws and any blackout period in effect under the Company's insider trading policy then in effect, and provided that the Exercise Agreement and payment are in form and substance satisfactory to the Company, the Company shall issue the Shares registered in the name of the Participant and shall deliver certificates representing the Shares with the appropriate legends affixed thereto, as the case may be. In the event of the death of a Participant, the legal heirs, administrators or executors of the Participant

must make a claim in respect of the securities issued or issuable to the Participant within one year of the death of the Participant.

ARTICLE III OPTIONS GRANTED TO U.S. PARTICIPANTS

3.1 Number of Shares for Incentive Stock Options. The number of Shares available for granting Incentive Stock Options to all U.S. Participants under the Plan may not exceed 10% of the issued and outstanding Shares of the Company on a non-diluted basis as of the later of: (i) the date this Plan is initially adopted by the Board of Directors or (ii) the date the Plan is approved (or reapproved) by the shareholders of the Company, subject to adjustment in accordance with Section 2.2.

3.2 Designation of Options. The Stock Option Certificate relating to any Option granted to a U.S. Participant shall specify whether such Option is an Incentive Stock Option or a Nonqualified Stock Option. If no such specification is made, the Option will be designated an Incentive Stock Option if all of the requirements under the Code are satisfied or in all other cases, a Nonqualified Stock Option. In addition to the other provisions of this Plan (and notwithstanding any other provision of this Plan to the contrary), the following limitations and requirements will apply to any Nonqualified Stock Option granted to a U.S. Participant:

- (a) The Exercise Price of a Nonqualified Stock Option granted to a U.S. Participant shall not be less than the Market Price of the Shares on the date of grant, without reduction for any discount permitted by the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted;
- (b) With respect to any tolling of the Expiry Date of a Nonqualified Stock Option in accordance with Section 2.3(e) of the Plan due to a “black out” period imposed under any insider trading policy or similar policy of the Company, such policy must be reasonably designed to ensure compliance with applicable securities laws or rules of the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted.

3.3 Special Requirements for Incentive Stock Options. In addition to the other provisions of this Plan (and notwithstanding any other provision of this Plan to the contrary), the following limitations and requirements will apply to an Incentive Stock Option:

- (a) an Incentive Stock Option may be granted only to employees (including a director or officer who is also an employee) of the Company (or of any parent or subsidiary of the Company within the meaning of section 424 of the Code). For purposes of this Article III, the term “employee” shall mean a person who is an employee for purposes of the Code;
- (b) the Board will not grant Incentive Stock Options in which the aggregate Market Price (determined as of the date of grant) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by a U.S. Participant during any calendar year (under this Plan and all other plans of the Company and of any parent or subsidiary of the Company within the meaning of section 424 of the Code) exceeds any limitation set forth in section 422(d) of the Code;
- (c) the exercise price payable per Share upon exercise of an Incentive Stock Option will not be less than 100% of the Market Price (without reduction for any discount permitted by the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted) of a Share on the date of grant of such Incentive Stock Option; provided, however, that, in the case of the grant of an Incentive Stock Option to a U.S. Participant who, at the time such Incentive Stock Option is granted, is a 10% Shareholder, the exercise price payable per Share upon exercise of such Incentive Stock Option will be not less than 110% of the Market Price (without reduction for any discount permitted by the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted) of a Share on the date of grant of such Incentive Stock Option;

- (d) an Incentive Stock Option will terminate and no longer be exercisable no later than 10 years after the date of grant of such Incentive Stock Option; provided, however, that in the case of a grant of an Incentive Stock Option to a U.S. Participant who, at the time such Incentive Stock Option is granted, is a 10% Shareholder, such Incentive Stock Option will terminate and no longer be exercisable no later than 5 years after the date of grant of such Incentive Stock Option;
- (e) if a U.S. Participant who has been granted Incentive Stock Option ceases to be employed by the Company (or by a parent or subsidiary of the Company within the meaning of section 424 of the Code) for any reason, whether voluntary or involuntary, other than death, permanent disability or just cause, such Incentive Stock Option shall be exercisable by the U.S. Participant (to the extent such Incentive Stock Option was vested on the date of cessation of employment) at any time prior to the earlier of (i) the date that is 60 days after the date of cessation of employment or (ii) the expiration of the term of such Incentive Stock Option. In this paragraph, “permanent disability” is as defined in section 22(e)(3) of the Code. If a U.S. Participant who has been granted Incentive Stock Options ceases to be employed by the Company (or by any parent or subsidiary of the Company within the meaning of section 424 of the Code) because of the death or a permanent disability of such U.S. Participant, such U.S. Participant’s personal representatives or administrators, or any person or persons to whom such Incentive Stock Option is transferred by will or the applicable laws of descent and distribution, may exercise such Incentive Stock Option (to the extent such Incentive Stock Option was exercisable on the date of death of permanent disability, as the case may be) at any time prior to the earlier of (i) the date that is twelve months after the date of death or 60 days after the date of permanent disability, as the case may be, or (ii) the expiration of the term of such Incentive Stock Option. If a U.S. Participant who has been granted Incentive Stock Options ceases to be employed by the Company (or by any parent or subsidiary of the Company within the meaning of section 424 of the Code) for cause, the right to exercise such Incentive Stock Option will terminate on the date of cessation of employment, unless otherwise determined by the Board. In this paragraph, “permanent disability” has the meaning assigned to that term in section 22(e)(3) of the Code;
- (f) an Incentive Stock Option granted to a U.S. Participant may be exercised during such U.S. Participant’s lifetime only by such U.S. Participant; and
- (g) an Incentive Stock Option granted to a U.S. Participant may not be transferred, assigned or pledged by such U.S. Participant, except by will or by the laws of descent and distribution.

ARTICLE IV ADMINISTRATION

4.1 Committee Authority. This Plan will be administered by the Committee. Subject to the general purposes, terms and conditions of this Plan, applicable securities laws and rules and policies of any exchange or quotation system upon which the Shares are listed or quoted, and to the direction of the Board, the Committee will have full discretionary power to implement and carry out this Plan including, without limitation, the authority to:

- (a) construe and interpret this Plan, any Stock Option Certificate and any other agreement or document executed pursuant to this Plan;
- (b) prescribe, amend and rescind rules and regulations relating to this Plan;
- (c) select Eligible Persons to receive Options;
- (d) determine the form and terms of Options and Stock Option Certificates, provided that they are not inconsistent with the terms of the Plan;
- (e) determine the Exercise Price of an Option;
- (f) determine the number of Shares to be covered by each Option;
- (g) determine whether Options will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, any other incentive or compensation plan of the Company;
- (h) grant waivers of Option conditions or amend or modify each Option, provided that they are not inconsistent with the terms of this Plan;
- (i) determine the vesting, exercisability and Expiry Dates of Options;

- (j) correct any defect, supply any omission, or reconcile any inconsistency in this Plan, any Option, any Stock Option Certificate or any Exercise Agreement; and
- (k) make all other determinations necessary or advisable for the administration of this Plan.

4.2 Committee Discretion. Any determination made by the Committee with respect to any Option will be made in its sole discretion at the time of grant of the Option or, unless in contravention of any express term of this Plan or Option, at any later time, and such determination will be final and binding on the Company and on all persons having an interest in any Option under this Plan. Notwithstanding the above, both the Committee and Participant shall confirm that the Participant is a bona fide Eligible Person entitled to receive an Option at the date of the grant or issuance of such Option.

ARTICLE V RIGHTS OF OWNERSHIP

5.1 No Rights of a Shareholder. No Participant will have any of the rights of a shareholder with respect to any Shares until the Shares are actually issued pursuant to a treasury order or other evidence issued by the Company.

5.2 Transferability. Options granted under this Plan, and any interest therein, will not be transferable or assignable by a Participant, and may not be made subject to execution, attachment or similar process, otherwise than by will or by the operation of law. During the lifetime of the Participant, an Option will be exercisable only by the Participant. The terms of the Option shall be binding upon the executors, administrators and heirs of the Participant.

ARTICLE VI CORPORATE TRANSACTIONS

6.1 Change of Control. In the event of a Change of Control (refer to Article 1.1 (b) any or all outstanding Options may be surrendered to the Company (the "Surrender Notice") by sending written notice to the Company indicating the intention to surrender such Options. Upon receipt of the Surrender Notice by the Company, the Company will pay to the holder of such surrendered options (the "Surrendering Holder"), an amount (the "Settlement Amount") equal to the excess, if any, of (A) the aggregate fair market value of the Shares issuable upon exercise of the vested and surrendered Options on the date the notice of surrender is received by the Corporation (the "Surrender Date"), being the Market Price multiplied by the number of Shares able to be purchased pursuant to the vested and surrendered Options on the Surrender Date, over (B) the aggregate exercise price for the Common Shares issuable upon exercise of the vested and Surrendered Options.

The Settlement Amount is payable in Shares or in cash at the option of the holder of the Surrendering Holder, and subject to approval by the Board. Entitlements to fractional Shares will be rounded down to the next whole number of Shares. The Corporation will withhold from the Settlement Amount such amounts as may be required to be withheld according to law. For greater certainty, those Shares underlying the unexercised Options that are the subject of surrender in consideration for a Settlement Amount, shall not be deemed to be included in total number of Options which may be granted under the Plan.

6.2 Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, to the extent that an Option has not been previously exercised, the Option will terminate immediately prior to the consummation of such proposed action. The Committee may, in the exercise of its sole discretion in such instances, declare that any Option shall terminate as of a date fixed by the Committee and give each Participant the right to exercise his or her Option as to all or any part of the Shares that may be acquired upon exercise of the Options, including Shares as to which the Option would not otherwise be exercisable.

6.3 Assumption of Options by the Company. Subject to any required approval from the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, any required shareholder approval and applicable laws, rules and regulations (including, without limitation, the rules of any applicable stock exchange or quotation system, the Company, from time to time, also may substitute or assume

outstanding options granted by another company, whether in connection with an acquisition of such other company or otherwise, by either:

- (a) granting an Option under this Plan in substitution of such other company's option; or
- (b) assuming such option as if it had been granted under this Plan if the terms of such assumed option could be applied to an Option granted under this Plan.

Such substitution or assumption will be permissible if the holder of the substituted or assumed option would have been eligible to be granted an Option under this Plan if the other company had applied the rules of this Plan to such grant. In the event the Company assumes an option granted by another company, the terms and conditions of such option will remain unchanged (except that the exercise price and the number and nature of shares issuable upon exercise of any such option will be adjusted appropriately). In the event the Company elects to grant a new Option rather than assuming an existing option, such new Option may be granted with a similarly adjusted Exercise Price.

ARTICLE VII GENERAL

7.1 No Obligation to Employ. Nothing in this Plan or any Option granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or limit in any way the right of the Company to terminate Participant's employment or other relationship at any time, with or without cause. Neither any period of notice, if any, nor any payment in lieu thereof, upon Termination shall be considered as extending the period in which an Eligible Person is providing continuous services for the purposes of the Plan.

7.2 [Intentionally Deleted]

7.3 Canadian Tax Withholding. The Company may take such steps as are considered necessary or appropriate for the withholding of any taxes which the Company is required by any law or regulation of any governmental authority whatsoever to withhold in connection with any Option or Common Share including, without limiting the generality of the foregoing, (a) requiring a Participant as a condition to the exercise of any Options, to make such arrangements as the Company may require so that the Company can satisfy such Withholding Obligations including, without limitation, requiring the Participant to remit to the Company in advance, or reimburse the Company for, any such Withholding Obligations; or (b) selling on the Participant's behalf, or requiring the Participant to sell, any Shares acquired by the Participant under the Plan, or retaining any amount which would otherwise be payable to the Participant in connection with any such sale.

7.4 U.S. Tax Withholding. In order to comply with all applicable federal or state income tax laws or regulations, the Company may take such action as it deems appropriate to ensure that all applicable U.S. federal or state payroll, withholding, income or other taxes that are the sole and absolute responsibility of a U.S. Participant are withheld or collected from such U.S. Participant. For the purposes of assisting a U.S. Participant in paying all or a portion of the U.S. federal and state taxes to be withheld or collected upon exercise of an Option, the Committee, in its discretion and subject to such additional terms and conditions as it may adopt, may permit a U.S. Participant, subject to applicable laws, to satisfy such tax obligation by (a) electing to have the Company withhold a portion of the Shares otherwise to be delivered upon exercise of such Option having a Market Price equal to the amount of such taxes or (b) delivering to the Company Shares (other than Shares issuable upon exercise of such Option) having a Market Price equal to the amount of such taxes. The election, if any, must be made on or before the date that the amount of tax to be withheld is determined.

7.5 Governing Law. This Plan and all agreements hereunder shall be governed by and construed in accordance with the laws of the Province of British Columbia and the federal laws of Canada applicable therein.

7.6 Termination and Amendment of Plan. Subject to any required approval from the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, the Board shall have the power to, without shareholder approval, at any time and from time to time, either prospectively or retrospectively, amend, suspend, or terminate the Plan or any Option granted under the Plan, including, without limiting the generality of the foregoing, changes of a clerical or grammatical nature, changes regarding the persons eligible to participate in the Plan, and changes regarding the vesting of Options, provided, however that:

- (a) such amendment, suspension or termination is in accordance with applicable laws and the rules of any stock exchange on which the Shares are listed;
- (b) no such amendment, suspension or termination shall be made at any time to the extent such action would materially adversely affect the existing rights of an optionee with respect to any then outstanding Option, as determined by the Board acting in good faith, without his or her consent in writing;
- (c) the Board shall obtain shareholder approval of the following:
 - (i) any amendment to the maximum number of Shares specified in section 2.1 in respect of which Options may be granted under the Plan (other than pursuant to section 2.2);
 - (ii) any amendment that would reduce the exercise price of an outstanding Option held by an insider (other than pursuant to section 2.2);
 - (iii) any amendment that would extend the term of any Option granted under the Plan beyond the Expiry Date, if that extension would benefit an insider of the Company;
 - (iv) any cancellation and re-issue of Options;
 - (v) any amendment which would permit Options granted under the Plan to be transferable or assignable other than for normal estate settlement purposes; and
 - (vi) any amendment to this subsection 7.6(c).

7.7 Powers of the Board Following Termination of the Plan. If the Plan is terminated, the provisions of the Plan and any administrative guidelines and other rules and regulations adopted by the Board and in force on the date of termination will continue in effect as long as any rights pursuant thereto remain outstanding and, notwithstanding the termination of the Plan, the Board shall remain able to make such amendments to the Plan or the Options as they would have been entitled to make if the Plan were still in effect.

7.8 Notices. Any notice required to be given or delivered to the Company under the terms of this Agreement shall be in writing and addressed to the Secretary of the Company at its principal corporate offices. Any notice required to be given or delivered to Participant shall be in writing and addressed to such Participant at the address indicated in the Stock Option Certificate or to such other address as such party may designate in writing from time to time to the Company. All notices shall be deemed to have been given or delivered upon: personal delivery; three business days after deposit in the mail by certified or registered mail (return receipt requested); one business day after deposit with any return receipt express courier (prepaid); or one business day after transmission by confirmed facsimile or electronic mail.

7.9 Successors and Assigns. The Company may assign any of its rights under this Agreement. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the Company.

7.10 Nonexclusively of the Plan. Neither the adoption of this Plan by the Board nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

7.11 Section 409A of the Code. Notwithstanding any provision of this Plan to the contrary, if any provision of this Plan contravenes any regulations or guidance promulgated under section 409A of the Code or would cause any person to be subject to additional taxes, interest and/or penalties under section 409A of the Code, such provision of this Plan, the Options and the Stock Option Certificates may be modified by the Board without notice to or consent of the Participant in any manner the Board deems reasonable or appropriate.

 - (i) sick leave; or
 - (ii) any other leave of absence approved by the Committee, provided that such leave is for a period of not more than 90 days unless reemployment upon the expiration of such leave is guaranteed by contract or statute, or unless provided otherwise pursuant to formal policy adopted from time to time by the Company and issued and promulgated to employees in writing.

ARTICLE II GRANT OF OPTIONS

2.1 **Number of Shares Available.** Subject to section 2.2 and Article 6,

- (a) the total number of Shares reserved and available for issuance pursuant to this Plan (together with those Shares which may be issued pursuant to any other security-based compensation agreement of the Company) shall not exceed 10% of the issued and outstanding Shares of the Company on a non-diluted basis from time to time.
- (b) the number of Shares reserved for issuance pursuant to this Plan (together with those Shares which may be issued pursuant to any other security-based compensation agreement of the Company or options for services granted by the Company) to any one person shall not exceed 5% of the Shares outstanding on a non-diluted basis on the date of grant;

- (c) the number of securities issuable to insiders, at any time, under all security-based compensation arrangements, cannot exceed 10% of issued and outstanding securities of the Company; ~~and determined at the date of such grant or issuance;~~
- (d) ~~The~~the number of securities issued to insiders, within any one-year period, under all security-based compensation arrangements, cannot exceed 10% of issued and outstanding securities of the Company;
- ~~(e) the number of securities issuable to any one consultant in any one-year period under all security-based compensation arrangements cannot exceed 2% of the issued and outstanding securities of the Company determined at the date of such grant or issuance; and~~
- ~~(f) the aggregate number of options that may be granted to any one person conducting investor relations activities in any one-year period shall not exceed 2% of the issued and outstanding securities of the Company determined at the time of such grant or issuance. Options granted to any provider of investor relations services must vest in stages over a period of not less than one-year with no more than one-quarter (1/4) of the options vesting in any three month period.~~

Subject to section 2.2 and Article 6, any unissued Shares in respect of which Options are granted which cease to be issuable under such Option for any reason (other than exercise of such Option), including without limitation expiry of the Option or surrender of the Option pursuant to an option exchange program, will again be available for grant and issuance in connection with future Options granted under this Plan. At all times the Company will reserve and keep available a sufficient number of Shares as will be required to satisfy the requirements of all outstanding Options granted under this Plan.

2.2 Adjustment of Shares. In the event that the number of outstanding Shares is changed by a stock dividend, stock split, reverse stock split, subdivision, consolidation, combination, reclassification or similar change in the capital structure of the Company without consideration, then:

- (a) the number of Shares reserved for issuance under the Plan;
- (b) the number of Shares subject to outstanding Options; and
- (c) the Exercise Price of outstanding Options,

will be proportionately adjusted, subject to any required action by the Board or the shareholders of the Company and in compliance with applicable securities laws; provided, however, that fractions of a Share will not be issuable under any Options and any such fractions will be rounded down to the nearest Share. ~~Notwithstanding the above, any adjustment, other than in connection with a stock split or reverse stock split, to Shares underlying Options granted or issued under this Plan is subject to the prior acceptance of the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, including adjustments related to an amalgamation, merger, arrangement, reorganization, spin-off, dividend or recapitalization.~~

2.3 Options. The Committee may grant Options to Eligible Persons and will determine the number of Shares subject to the Option, the Exercise Price, the Expiry Date and all other terms and conditions of the Option, subject to the following:

- (a) **Plan and Exercise of Options Subject to Shareholder Approval.** Until such time as this Plan has been approved by the shareholders of the Company in accordance with the requirements of the ~~TSX~~TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, no Options granted under this Plan may be exercised;
- (b) **Form of Option Grant.** Each Option granted under this Plan will be evidenced by a stock option certificate in the form attached to this Plan as Exhibit A in the case of grants to Participants or Exhibit B in the case of grants to U.S. Participants, or in such other form as may be approved by the Committee, from time to time (called the “**Stock Option Certificate**”) which will contain such provisions (which need not be the same for each Participant) as the Committee may from time to time approve, and which will comply with and be subject to the terms and conditions of this Plan;

- (c) **Date of Grant.** The date of grant of an Option will be the date on which the Committee makes the determination to grant such Option, unless otherwise specified by the Committee. The Stock Option Certificate and a copy of this Plan will be delivered to the Participant within a reasonable time after the granting of the Option;
- (d) **Vesting and Exercise of Options.** Provided the Participant has not been Terminated, Options may be exercisable until the Expiry Date determined by the Committee and specified in the Stock Option Certificate. The Committee also may provide for Options to vest (i.e. become exercisable) at one time or from time to time, periodically or otherwise, in such number of Shares or percentage of Shares as the Committee determines. If the application of vesting causes the Option to become exercisable with respect to a fractional Share, such Share shall be rounded down to the nearest whole Share;
- (e) **Expiry.** The Option shall expire on the Expiry Date set forth in the Stock Option Certificate and must be exercised, if at all, on or before the expiry date. In no event shall an Option be exercisable during a period extending more than ten years after the date of grant, provided that in the circumstance where the end of the term of an Option falls within ~~or within ten business days after the end of,~~ a “black out” ~~or similar~~ period imposed under any insider trading policy or similar policy of the Company (but not, for greater certainty, a restrictive period resulting from the Company or its insiders being the subject of a cease trade order of a securities regulatory authority), the end of the term of such Option shall be the tenth business day after the earlier of the end of such black out period or, provided the black out period has ended, the Expiry Date;
- (f) **Exercise Price.** The Exercise Price of an Option will be determined by the Committee when the Option is granted and shall not be less than the Market Price of the Shares on the date of grant;
- (g) **Method of Exercise.** Options may be exercised only by delivery to the Company of a written stock option exercise agreement (the “**Exercise Agreement**”) substantially in the form attached to this Plan as Exhibit C, or in such other form as may be approved by the Committee (which need not be the same for each Participant), stating the Participant’s election to exercise the Option, the number of Shares being purchased, the restrictions imposed on the Shares purchased under such Exercise Agreement, if any, and such representations and agreements regarding Participant’s investment intent, access to information and other matters, if any, as may be required or desirable by the Company to comply with applicable securities laws, together with payment in full of the Exercise Price (plus any applicable taxes including Withholding Obligations), for the number of Shares being purchased. If someone other than the Participant exercises the Option, then such person must submit documentation reasonably acceptable to the Company that such person has the right to exercise the Option. The Option may not be exercised unless such exercise is in compliance with all applicable securities laws and the rules and policies of the TSX or any other stock exchange or quotation system upon which the Shares are then listed or quoted, as they are then in effect on the date of exercise, and provided that no blackout period is then in effect under the Insider Trading Policy of the Company;
- (h) **Termination of Option.** Subject to earlier termination pursuant to Article IV hereof, any Option or part thereof not exercised within the Exercise Period shall terminate and become null, void and of no effect as of the Expiry Time on the Expiry Date. Notwithstanding any other provisions hereof but subject to any vesting requirements or termination provisions attached to specific Options granted under the Plan, upon the Termination of a Participant, the following provisions shall apply:
- (i) in the case of dismissal without cause, each vested Option held by a Participant shall be exercisable until the date which is the earlier of:
- (A) 60 days after the Termination Date; and
 - (B) the Expiry Date for such Options,

after which time all vested and unvested Options shall be void and of no further force or effect;

- (ii) in the case of dismissal for cause, each vested and unvested Option held by the Participant shall be void and of no further force or effect on the Termination Date;
- (iii) in the case of Termination as a result of death, each vested Option held by the deceased Participant shall be exercisable until the date which is the earlier of:

twelve months after the Termination Date; and
the Expiry Date for such Options,

after which time such Options shall be void and of no further force or effect;

- (iv) in the case of Termination for any reason other than as provided in paragraphs (i), (ii) and (iii) of this section, unless specifically determined otherwise by the Committee, each vested Option held by the Participant shall be exercisable until the date which is the earlier of:

- (A) 60 days after the Termination Date; and
- (B) the Expiry Date for such Options,

after which time such Options shall be void and of no further force or effect;

- (i) **Termination following a Change of Control.** ~~Except as otherwise specified in the Stock Option Certificate for a specific Option, if~~ a Participant is Terminated within 12 months of a Change of Control for any reason other than for cause, voluntary resignation, death or Disability, each Option held by that Participant that is not fully vested on the date on which the Participant is Terminated shall vest immediately and any and all Options held by that Participant shall be immediately exercisable up to, but not after, the date which is the earlier of the Expiry Date and 60 days after the date such person is Terminated;
- (j) **Limitations on Exercise.** The Committee may specify a reasonable minimum number of Shares that may be purchased on exercise of an Option, provided that such minimum number will not prevent the Participant from exercising the Option for the full number of Shares for which it is then exercisable;
- (k) **Modification, Extension or Renewal.** Subject to Article III hereof, any required approval from the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, any required shareholder approval and applicable laws, rules and regulations (including, without limitation, the rules of any applicable stock exchange or quotation system), the Committee may modify, extend or renew outstanding Options, may modify vesting periods so that any such stock options, whether vested or unvested, may have an amended vesting schedule or may immediately vest and become exercisable, and may authorize the grant of new Options in exchange therefor, provided that any such action may not, without the written consent of a Participant, impair any of such Participant's rights under any Option previously granted; and
- (l) **Exclusion from Severance Allowance, Retirement or Termination Settlement.** In the event of a Participant's Termination for any reason, the curtailment of such Participant's Options pursuant to the terms of the Plan, shall not give rise to any right to damages (including damages relating to any period of reasonable notice and regardless of whether reasonable or any notice was provided to the Participant) and shall not be included in the calculation of, nor form any part of, any severance allowance, retiring allowance or termination settlement of any kind whatever in respect of such Participant.

2.4 Issuance of Shares. Subject to applicable securities laws and any blackout period in effect under the Company's insider trading policy then in effect, and provided that the Exercise Agreement and payment are in form and substance satisfactory to the Company, the Company shall issue the Shares registered in the name of the Participant, ~~the Participant's legal representative or other person as directed by the Participant~~ and shall deliver certificates representing the Shares with the appropriate legends affixed thereto, as the case may be. In the event of the death of a Participant, the legal heirs, administrators or executors of the Participant must make a claim in respect of the securities issued or issuable to the Participant within one year of the death of the Participant.

ARTICLE III OPTIONS GRANTED TO U.S. PARTICIPANTS

3.1 Number of Shares for Incentive Stock Options. ~~Notwithstanding any other provision of this Plan to the contrary (including, but not limited to, Section 2.1), the~~The number of Shares available for granting Incentive Stock Options to all U.S. Participants under the Plan may not exceed 10% of the issued and outstanding Shares of the Company on a non-diluted basis as of the later of: (i) the date this Plan is initially adopted by the Board of Directors or (ii) the date the Plan is approved (or reapproved) by the shareholders of the Company, subject to adjustment in accordance with Section 2.2.

3.2 Designation of Options. The Stock Option Certificate relating to any Option granted to a U.S. Participant shall specify whether such Option is an Incentive Stock Option or a Nonqualified Stock Option. If no such specification is made, the Option will be designated an Incentive Stock Option if all of the requirements under the Code are satisfied or in all other cases, a Nonqualified Stock Option. In addition to the other provisions of this Plan (and notwithstanding any other provision of this Plan to the contrary), the following limitations and requirements will apply to any Nonqualified Stock Option granted to a U.S. Participant:

- (a) The Exercise Price of a Nonqualified Stock Option granted to a U.S. Participant shall not be less than the Market Price of the Shares on the date of grant, without reduction for any discount permitted by the ~~TSX-VTSXV~~ or any other stock exchange or quotation system upon which the Shares are then listed or quoted;
- (b) With respect to any tolling of the Expiry Date of a Nonqualified Stock Option in accordance with Section 2.3(e) of the Plan due to a "black out" ~~or similar~~ period imposed under any insider trading policy or similar policy of the Company, such policy must be reasonably designed to ensure compliance with applicable securities laws or rules of the ~~Exchanges~~TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted.

3.3 Special Requirements for Incentive Stock Options. In addition to the other provisions of this Plan (and notwithstanding any other provision of this Plan to the contrary), the following limitations and requirements will apply to an Incentive Stock Option:

- (a) an Incentive Stock Option may be granted only to employees (including a director or officer who is also an employee) of the Company (or of any parent or subsidiary of the Company within the meaning of section 424 of the Code). For purposes of this Article III, the term "employee" shall mean a person who is an employee for purposes of the Code;
- (b) the Board will not grant Incentive Stock Options in which the aggregate Market Price (determined as of the date of grant) of the Shares with respect to which Incentive Stock Options are exercisable for the first time by a U.S. Participant during any calendar year (under this Plan and all other plans of the Company and of any parent or subsidiary of the Company within the meaning of section 424 of the Code) exceeds any limitation set forth in section 422(d) of the Code;
- (c) the exercise price payable per Share upon exercise of an Incentive Stock Option will not be less than 100% of the Market Price (without reduction for any discount permitted by the ~~TSX-VTSXV~~ or any other stock exchange or quotation system upon which the Shares are then listed or quoted) of a Share on the date of grant of such Incentive Stock Option; provided, however, that, in the case of the grant of an Incentive Stock Option to a U.S. Participant who, at the time such Incentive Stock Option is

granted, is a 10% Shareholder, the exercise price payable per Share upon exercise of such Incentive Stock Option will be not less than 110% of the Market Price (without reduction for any discount permitted by the ~~TSX~~TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted) of a Share on the date of grant of such Incentive Stock Option;

- (d) an Incentive Stock Option will terminate and no longer be exercisable no later than 10 years after the date of grant of such Incentive Stock Option; provided, however, that in the case of a grant of an Incentive Stock Option to a U.S. Participant who, at the time such Incentive Stock Option is granted, is a 10% Shareholder, such Incentive Stock Option will terminate and no longer be exercisable no later than 5 years after the date of grant of such Incentive Stock Option;
- (e) if a U.S. Participant who has been granted Incentive Stock Option ceases to be employed by the Company (or by a parent or subsidiary of the Company within the meaning of section 424 of the Code) for any reason, whether voluntary or involuntary, other than death, permanent disability or just cause, such Incentive Stock Option shall be exercisable by the U.S. Participant (to the extent such Incentive Stock Option was vested on the date of cessation of employment) at any time prior to the earlier of (i) the date that is 60 days after the date of cessation of employment or (ii) the expiration of the term of such Incentive Stock Option. In this paragraph, “permanent disability” is as defined in section 22(e)(3) of the Code. If a U.S. Participant who has been granted Incentive Stock Options ceases to be employed by the Company (or by any parent or subsidiary of the Company within the meaning of section 424 of the Code) because of the death or a permanent disability of such U.S. Participant, such U.S. Participant’s personal representatives or administrators, or any person or persons to whom such Incentive Stock Option is transferred by will or the applicable laws of descent and distribution, may exercise such Incentive Stock Option (to the extent such Incentive Stock Option was exercisable on the date of death of permanent disability, as the case may be) at any time prior to the earlier of (i) the date that is twelve months after the date of death or 60 days after the date of permanent disability, as the case may be, or (ii) the expiration of the term of such Incentive Stock Option. If a U.S. Participant who has been granted Incentive Stock Options ceases to be employed by the Company (or by any parent or subsidiary of the Company within the meaning of section 424 of the Code) for cause, the right to exercise such Incentive Stock Option will terminate on the date of cessation of employment, unless otherwise determined by the Board. In this paragraph, “permanent disability” has the meaning assigned to that term in section 22(e)(3) of the Code;
- (f) an Incentive Stock Option granted to a U.S. Participant may be exercised during such U.S. Participant’s lifetime only by such U.S. Participant; and
- (g) an Incentive Stock Option granted to a U.S. Participant may not be transferred, assigned or pledged by such U.S. Participant, except by will or by the laws of descent and distribution.

ARTICLE IV ADMINISTRATION

4.1 Committee Authority. This Plan will be administered by the Committee. Subject to the general purposes, terms and conditions of this Plan, applicable securities laws and rules and policies of any exchange or quotation system upon which the Shares are listed or quoted, and to the direction of the Board, the Committee will have full discretionary power to implement and carry out this Plan including, without limitation, the authority to:

- (a) construe and interpret this Plan, any Stock Option Certificate and any other agreement or document executed pursuant to this Plan;
- (b) prescribe, amend and rescind rules and regulations relating to this Plan;
- (c) select Eligible Persons to receive Options;
- (d) determine the form and terms of Options and Stock Option Certificates, provided that they are not inconsistent with the terms of the Plan;
- (e) determine the Exercise Price of an Option;
- (f) determine the number of Shares to be covered by each Option;

- (g) determine whether Options will be granted singly, in combination with, in tandem with, in replacement of, or as alternatives to, any other incentive or compensation plan of the Company;
- (h) grant waivers of Option conditions or amend or modify each Option, provided that they are not inconsistent with the terms of this Plan;
- (i) determine the vesting, exercisability and Expiry Dates of Options;
- (j) correct any defect, supply any omission, or reconcile any inconsistency in this Plan, any Option, any Stock Option Certificate or any Exercise Agreement; and
- (k) make all other determinations necessary or advisable for the administration of this Plan.

4.2 Committee Discretion. Any determination made by the Committee with respect to any Option will be made in its sole discretion at the time of grant of the Option or, unless in contravention of any express term of this Plan or Option, at any later time, and such determination will be final and binding on the Company and on all persons having an interest in any Option under this Plan. Notwithstanding the above, both the Committee and Participant shall confirm that the Participant is a bona fide Eligible Person entitled to receive an Option at the date of the grant or issuance of such Option.

ARTICLE V RIGHTS OF OWNERSHIP

5.1 No Rights of a Shareholder. No Participant will have any of the rights of a shareholder with respect to any Shares until the Shares are actually issued pursuant to a treasury order or other evidence issued by the Company.

5.2 Transferability. Options granted under this Plan, and any interest therein, will not be transferable or assignable by a Participant, and may not be made subject to execution, attachment or similar process, otherwise than by will or by the operation of law. During the lifetime of the Participant, an Option will be exercisable only by the Participant. The terms of the Option shall be binding upon the executors, administrators and heirs of the Participant.

ARTICLE VI CORPORATE TRANSACTIONS

6.1 Change of Control. In the event of a Change of Control (refer to Article 1.1 (b) any or all outstanding Options may be surrendered to the Company (the “Surrender Notice”) by sending written notice to the Company indicating the intention to surrender such Options. Upon receipt of the Surrender Notice by the Company, the Company will pay to the holder of such surrendered options (the “Surrendering Holder”), an amount (the “Settlement Amount”) equal to the excess, if any, of (A) the aggregate fair market value of the Shares issuable upon exercise of the vested and surrendered Options on the date the notice of surrender is received by the Corporation (the “Surrender Date”), being the Market Price multiplied by the number of Shares able to be purchased pursuant to the vested and surrendered Options on the Surrender Date, over (B) the aggregate exercise price for the Common Shares issuable upon exercise of the vested and Surrendered Options.

The Settlement Amount is payable in Shares or in cash at the option of the holder of the Surrendering Holder, and subject to approval by the Board. Entitlements to fractional Shares will be rounded down to the next whole number of Shares. The Corporation will withhold from the Settlement Amount such amounts as may be required to be withheld according to law. For greater certainty, those Shares underlying the unexercised Options that are the subject of surrender in consideration for a Settlement Amount, shall not be deemed to be included in total number of Options which may be granted under the Plan.

6.2 Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, to the extent that an Option has not been previously exercised, the Option will terminate immediately prior to the consummation of such proposed action. The Committee may, in the exercise of its sole discretion in such instances, declare that any Option shall terminate as of a date fixed by the Committee and give each Participant the right to

exercise his or her Option as to all or any part of the Shares that may be acquired upon exercise of the Options, including Shares as to which the Option would not otherwise be exercisable.

6.3 Assumption of Options by the Company. ~~The~~Subject to any required approval from the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, any required shareholder approval and applicable laws, rules and regulations (including, without limitation, the rules of any applicable stock exchange or quotation system, the Company, from time to time, also may substitute or assume outstanding options granted by another company, whether in connection with an acquisition of such other company or otherwise, by either:

- (a) granting an Option under this Plan in substitution of such other company's option; or
- (b) assuming such option as if it had been granted under this Plan if the terms of such assumed option could be applied to an Option granted under this Plan.

Such substitution or assumption will be permissible if the holder of the substituted or assumed option would have been eligible to be granted an Option under this Plan if the other company had applied the rules of this Plan to such grant. In the event the Company assumes an option granted by another company, the terms and conditions of such option will remain unchanged (except that the exercise price and the number and nature of shares issuable upon exercise of any such option will be adjusted appropriately). In the event the Company elects to grant a new Option rather than assuming an existing option, such new Option may be granted with a similarly adjusted Exercise Price.

ARTICLE VII GENERAL

7.1 No Obligation to Employ. Nothing in this Plan or any Option granted under this Plan will confer or be deemed to confer on any Participant any right to continue in the employ of, or to continue any other relationship with, the Company or limit in any way the right of the Company to terminate Participant's employment or other relationship at any time, with or without cause. Neither any period of notice, if any, nor any payment in lieu thereof, upon Termination shall be considered as extending the period in which an Eligible Person is providing continuous services for the purposes of the Plan.

7.2 [Intentionally Deleted]

7.3 Canadian Tax Withholding. The Company may take such steps as are considered necessary or appropriate for the withholding of any taxes which the Company is required by any law or regulation of any governmental authority whatsoever to withhold in connection with any Option or Common Share including, without limiting the generality of the foregoing, (a) requiring a Participant as a condition to the exercise of any Options, to make such arrangements as the Company may require so that the Company can satisfy such Withholding Obligations including, without limitation, requiring the Participant to remit to the Company in advance, or reimburse the Company for, any such Withholding Obligations; or (b) selling on the Participant's behalf, or requiring the Participant to sell, any Shares acquired by the Participant under the Plan, or retaining any amount which would otherwise be payable to the Participant in connection with any such sale.

7.4 U.S. Tax Withholding. In order to comply with all applicable federal or state income tax laws or regulations, the Company may take such action as it deems appropriate to ensure that all applicable U.S. federal or state payroll, withholding, income or other taxes that are the sole and absolute responsibility of a U.S. Participant are withheld or collected from such U.S. Participant. For the purposes of assisting a U.S. Participant in paying all or a portion of the U.S. federal and state taxes to be withheld or collected upon exercise of an Option, the Committee, in its discretion and subject to such additional terms and conditions as it may adopt, may permit a U.S. Participant, subject to applicable laws, to satisfy such tax obligation by (a) electing to have the Company withhold a portion of the Shares otherwise to be delivered upon exercise of such Option having a Market Price equal to the amount of such taxes or (b) delivering to the Company Shares (other than Shares issuable upon exercise of such Option) having a Market Price equal to the amount of such taxes. The election, if any, must be made on or before the date that the amount of tax to be withheld is determined.

7.5 Governing Law. This Plan and all agreements hereunder shall be governed by and construed in accordance with the laws of the Province of British Columbia and the federal laws of Canada applicable therein.

7.6 Termination and Amendment of Plan. ~~The~~Subject to any required approval from the TSXV or any other stock exchange or quotation system upon which the Shares are then listed or quoted, the Board shall have the power to, without shareholder approval, at any time and from time to time, either prospectively or retrospectively, amend, suspend, or terminate the Plan or any Option granted under the Plan, including, without limiting the generality of the foregoing, changes of a clerical or grammatical nature, changes regarding the persons eligible to participate in the Plan, and changes regarding the vesting of Options, provided, however that:

- (a) such amendment, suspension or termination is in accordance with applicable laws and the rules of any stock exchange on which the Shares are listed;
- (b) no such amendment, suspension or termination shall be made at any time to the extent such action would materially adversely affect the existing rights of an optionee with respect to any then outstanding Option, as determined by the Board acting in good faith, without his or her consent in writing;
- (c) the Board shall obtain shareholder approval of the following:
 - (i) any amendment to the maximum number of Shares specified in section 2.1 in respect of which Options may be granted under the Plan (other than pursuant to section 2.2);
 - (ii) any amendment that would reduce the exercise price of an outstanding Option held by an insider (other than pursuant to section 2.2);
 - (iii) any amendment that would extend the term of any Option granted under the Plan beyond the Expiry Date, if that extension would benefit an insider of the Company;
 - (iv) any cancellation and re-issue of Options;
 - (v) any amendment which would permit Options granted under the Plan to be transferable or assignable other than for normal estate settlement purposes; and
 - (vi) any amendment to this subsection 7.6(c).

7.7 Powers of the Board Following Termination of the Plan. If the Plan is terminated, the provisions of the Plan and any administrative guidelines and other rules and regulations adopted by the Board and in force on the date of termination will continue in effect as long as any rights pursuant thereto remain outstanding and, notwithstanding the termination of the Plan, the Board shall remain able to make such amendments to the Plan or the Options as they would have been entitled to make if the Plan were still in effect.

7.8 Notices. Any notice required to be given or delivered to the Company under the terms of this Agreement shall be in writing and addressed to the Secretary of the Company at its principal corporate offices. Any notice required to be given or delivered to Participant shall be in writing and addressed to such Participant at the address indicated in the Stock Option Certificate or to such other address as such party may designate in writing from time to time to the Company. All notices shall be deemed to have been given or delivered upon: personal delivery; three business days after deposit in the mail by certified or registered mail (return receipt requested); one business day after deposit with any return receipt express courier (prepaid); or one business day after transmission by confirmed facsimile or electronic mail.

7.9 Successors and Assigns. The Company may assign any of its rights under this Agreement. This Agreement shall be binding upon and inure to the benefit of the successors and assigns of the Company.

7.10 Nonexclusively of the Plan. Neither the adoption of this Plan by the Board nor any provision of this Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of stock options otherwise than under this Plan, and such arrangements may be either generally applicable or applicable only in specific cases.

7.11 Section 409A of the Code. Notwithstanding any provision of this Plan to the contrary, if any provision of this Plan contravenes any regulations or guidance promulgated under section 409A of the Code or would cause any person to be subject to additional taxes, interest and/or penalties under section 409A of the Code, such

provision of this Plan, the Options and the Stock Option Certificates may be modified by the Board without notice to or consent of the Participant in any manner the Board deems reasonable or appropriate.
