

## GOLDGROUP FILES NI 43-101 TECHNICAL REPORT ON THE SAN JOSÉ DE GRACIA PROJECT

VANCOUVER, BRITISH COLUMBIA - (January 9, 2012) – Goldgroup Mining Inc., (“Goldgroup” or the “Company”) (TSX:GGA) announces that the technical report on the updated mineral resource estimate on the San José de Gracia project titled “NI 43-101 Technical Report on the San José de Gracia Project – Updated Resources Estimates on the Tres Amigos, San Pablo, La Union, La Purisina Zones – Northeast Sinaloa, Mexico” (the “Technical Report”), effective September 5, 2011 and dated January 3, 2012, has been filed on SEDAR in compliance with National Instrument 43-101 – *Standards of Disclosure for Mineral Projects* (“NI 43-101”) requirements. This filing is further to the Company’s previously announced updated mineral resource estimate on November 23, 2011.

This Technical Report significantly increased the Company’s mineral resource estimate at San José de Gracia, establishing indicated resources at the Tres Amigos vein of 147,000 ounces of gold, and growing inferred resources at all four veins from 618,000 to 963,000 ounces of gold, representing an increase of 56%. The prior NI 43-101 Technical Report dated February 28, 2011, estimated solely inferred mineral resources.

Date of NI 43-101 Report	Cut-off Au (g/t)	Resource Class	Tonnes > Cut-off (tonnes)	Grade > Cut-off Au (g/t)	Oz Au
Feb 22, 2011	2.00	Indicated	-	-	-
	2.00	Inferred	3,441,000	5.59	618,000
Sep 5, 2011	2.00	Indicated	913,000	5.00	147,000
	2.00	Inferred	5,813,000	5.16	963,000

Note: All figures rounded to the nearest thousand ounces

Key maps from the Company’s Technical Report can be found at [http://www.goldgroupmining.com/s/san\\_jose\\_gracia.asp](http://www.goldgroupmining.com/s/san_jose_gracia.asp)

The Technical Report was prepared for the Company by Jim Cuttle, B.Sc., P.Geo., and Gary H. Giroux, P.Eng., MASc., of Giroux Consultants Ltd., each an independent qualified person under NI 43-101.

The Technical Report has been filed under the Company’s profile on SEDAR ([www.sedar.com](http://www.sedar.com)) and can be viewed on the Company’s website at [http://www.goldgroupmining.com/s/technical\\_reports.asp](http://www.goldgroupmining.com/s/technical_reports.asp)

## **About Goldgroup**

Goldgroup is a well-funded Canadian-based gold production and exploration Company with significant upside in a portfolio of projects in Mexico, including its flagship 100%-owned advanced stage gold development project, Caballo Blanco, in Veracruz, and the 50%-owned high grade gold exploration project, San José de Gracia, in Sinaloa. The Company operates the 100%-owned Cerro Colorado gold mine in Sonora, Mexico.

Goldgroup is led by a team of highly successful and seasoned individuals with extensive expertise in mine development, corporate finance, and exploration in Mexico. Goldgroup's mission is to grow gold production, mineral resources, profitability and cash flow, building a leading gold producer in Mexico.

## **CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION**

Certain information contained in this news release, including any information relating to future financial or operating performance may be deemed "forward-looking". All statements in this news release, other than statements of historical fact, that address events or developments that Goldgroup expects to occur, are "forward-looking information". These statements relate to future events or future performance and reflect Goldgroup's expectations regarding the future growth, results of operations, business prospects and opportunities of Goldgroup. These forward-looking statements reflect Goldgroup's current internal projections, expectations or beliefs and are based on information currently available to Goldgroup. In some cases forward-looking information can be identified by terminology such as "may", "will", "should", "expect", "intend", "plan", "anticipate", "believe", "estimate", "projects", "potential", "scheduled", "forecast", "budget" or the negative of those terms or other comparable terminology. Certain assumptions have been made regarding the San José de Gracia property. Many of these assumptions are based on factors and events that are not within the control of Goldgroup and there is no assurance they will prove to be correct. Forward-looking statements are subject to a variety of known and unknown risks, uncertainties and other factors that could cause actual events or results to materially differ from those reflected in the forward-looking statements, and are developed based on assumptions about such risks, uncertainties and other factors including, without limitation: risks associated with the Company's lack of control over the San José de Gracia property due its interest being indirect through its ownership of 50% of DynaMexico, the other 50% of which is owned by a third party; fluctuations in precious and base metal prices; inherent hazards and risks associated with mining operations; inherent uncertainties associated with mineral exploration and development activities; uncertainties inherent in the estimation of mineral reserves and/or resources and precious metal recoveries; uncertainties related to actual capital costs, operating costs and expenditures, production schedules and economic returns from Goldgroup's projects; uncertainties related to current global financial conditions; uncertainties related to the availability of future financing necessary to undertake exploration, development, mining and processing activities on Goldgroup's properties; Goldgroup's substantial reliance on its Cerro Colorado Mine for revenues; risks related to the planned expansion of the Cerro Colorado Mine; risks related to the continued operation and planned expansion of the Cerro Colorado Mine without a current economic analysis; risks related to the integration of businesses and assets acquired by Goldgroup; uncertainties related to the competitiveness of the mining industry; risks associated with Goldgroup being subject to government regulation, including changes in law and regulation and risks associated with Goldgroup's need for governmental licenses and permits; risks associated with Goldgroup being subject to extensive environmental laws and regulations, including a change in regulation; risks that Goldgroup's title to its property could be challenged; political and country risk; risk of water shortages and risks associated with competition for water; Goldgroup's need to attract and retain qualified personnel; increases in off-site transportation and concentrate processing costs; risks related to the need for reclamation activities on Goldgroup's properties, including the nature of reclamation required and uncertainty of costs estimates related thereto; risks associated with potential conflicts of interest; risks associated with potential labour disputes; and risks associated with potential blockades of mining operations as well as "Risks and Uncertainties" included in the Annual Information Form and MD&A for Goldgroup available at [www.sedar.com](http://www.sedar.com). Forward-looking information is not a guarantee of future performance and actual results and future events could differ materially from those discussed in the forward-looking information. All of the forward-looking information contained in this news release is qualified by these cautionary statements. Although Goldgroup believes that the forward-looking information contained in this news release are based on reasonable assumptions, readers cannot be assured that actual results will be consistent with such statements. Accordingly, readers are cautioned against placing undue reliance on forward-looking information. Goldgroup expressly disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, events or otherwise, except in accordance with applicable securities laws.
