

## **Goldgroup Provides Update on DynaResource, Inc. Injunction**

**Vancouver, British Columbia (July 13, 2015)** – Goldgroup Mining Inc. (“Goldgroup” or the “Company”) (TSX:GGA, OTC:GGAZF, BMV SIX:GGAN.MX) announces that on June 29, 2015 a Mazatlán Judge denied DynaResources de México, S.A. de C.V (“DynaMex”) the request for an “amparo” , which is, by Mexican Law, an appeal to the injunction obtained by Goldgroup against DynaMex regarding the 300 new shares of DynaMex issued in favor of DynaResource, Inc. (“DynaUSA”). The issuance of the DynaMex shares to DynaUSA diluted Goldgroup’s ownership interest in DynaMex with DynaUSA purporting to be an owner of 80% of DynaMex. For further information please read Goldgroup’s January 14, 2014 press release titled “Goldgroup Obtains Injunction Against DynaResource, Inc.”

With the denial of the amparo, DynaMex, DynaUSA and Koy Wilber Deipholtz, another shareholder of DynaMex, must observe the following:

- DynaUSA is forbidden from selling any of the 300 DynaMex shares in question;
- DynaMex is obligated to register such injunction in its corporate books and may not make any amendment to its shareholders registry book; and
- The 300 DynaMex shares will remain with no corporate and/or economic rights until a final judgment is issued on the nullity lawsuit filed with respect to the extraordinary shareholders meeting held by DynaMex shareholders on May 17, 2013, whereby Goldgroup’s ownership interest was diluted from 50% to 20%. Goldgroup considers that such meeting was in violation of a number of legal requirements, including but not limited to, the bylaws of DynaMex, the capitalization of debt (accounts payable) without the prior approval of the Financial Statements of the company and by approving such capitalization by a shareholder (DynaUSA) for its own benefit. Under Mexican Law, parties with a conflict of interest must abstain from voting in such a manner.

### **About Goldgroup**

Goldgroup is a Canadian-based gold production, development, and exploration Company with a portfolio of projects in Mexico, including a 50% interest in DynaResource de Mexico, S.A. de C.V., which owns 100% of the high-grade gold exploration project, San José de Gracia located in the State of Sinaloa. The Company also operates its 100%-owned Cerro Prieto heap-leach gold mine, in the State of Sonora.

Goldgroup is led by a team of highly successful and seasoned individuals with extensive expertise in mine development, corporate finance, and exploration in Mexico. Goldgroup's mission is to increase gold production, mineral resources, profitability and cash flow, with a view to building a

leading gold producer in Mexico.

**CAUTIONARY NOTE REGARDING FORWARD-LOOKING INFORMATION**

*Certain information contained in this news release, including any information relating to future financial or operating performance, may be considered "forward-looking information" (within the meaning of applicable Canadian securities law) and "forward-looking statements" (within the meaning of the United States Private Securities Litigation Reform Act of 1995). These statements relate to analyses and other information that are based on forecasts of future results, estimates of amounts not yet determinable and assumptions of management. Actual results could differ materially from the conclusions, forecasts and projections contained in such forward-looking information. These forward-looking statements reflect Goldgroup's current internal projections, expectations or beliefs and are based on information currently available to Goldgroup. In some cases forward-looking information can be identified by terminology such as "may", "will", "should", "expect", "intend", "plan", "anticipate", "believe", "estimate", "projects", "potential", "scheduled", "forecast", "budget" or the negative of those terms or other comparable terminology. Certain assumptions may have been made regarding the Company's plans at the Cerro Prieto project. Many of these assumptions are based on factors and events that are not within the control of Goldgroup and there is no assurance they will prove to be correct. Forward-looking information is subject to a variety of known and unknown risks, uncertainties and other factors that could cause actual events or results to materially differ from those reflected in the forward-looking information, and are developed based on assumptions about such risks, uncertainties and other factors including, without limitation: uncertainties related to actual capital costs, operating costs and expenditures, production schedules and economic returns from Goldgroup's projects; uncertainties associated with development activities; uncertainties inherent in the estimation of mineral resources and precious metal recoveries; uncertainties related to current global economic conditions; fluctuations in precious and base metal prices; uncertainties related to the availability of future financing; potential difficulties with joint venture partners; risks that Goldgroup's title to its property could be challenged; political and country risk; risks associated with Goldgroup being subject to government regulation; risks associated with surface rights; environmental risks; Goldgroup's need to attract and retain qualified personnel; risks associated with potential conflicts of interest; Goldgroup's lack of experience in overseeing the construction of a mining project; risks related to the integration of businesses and assets acquired by Goldgroup; uncertainties related to the competitiveness of the mining industry; risk associated with theft; risk of water shortages and risks associated with competition for water; uninsured risks and inadequate insurance coverage; risks associated with potential legal proceedings; risks associated with community relations; outside contractor risks; risks related to archaeological sites; foreign currency risks; risks associated with security and human rights; and risks related to the need for reclamation activities on Goldgroup's properties, as well as the risk factors disclosed in Goldgroup's Annual Information Form and MD&A. Any and all of the forward-looking information contained in this news release is qualified by these cautionary statements. Although Goldgroup believes that the forward-looking information contained in this news release is based on reasonable assumptions, readers cannot be assured that actual results will be consistent with such statements. Accordingly, readers are cautioned against placing undue reliance on forward-looking information. Goldgroup expressly disclaims any intention or obligation to update or revise any forward-looking information, whether as a result of new information, events or otherwise, except as may be required by, and in accordance with, applicable securities laws.*
